

## Basics of Crochet

**Short Description:** Beginner crochet from the first chain to a simple project.

**More Details:** This is a three-hour course for beginning crochet that is conducted in the classroom only. Students will learn about equipment needed; yarns and hooks; patterns and charts; beginning stitches; how to put stitches together; different motifs; and start a basic project. These classes are designed for those that have crocheted very little or not at all and want to become more comfortable with their crocheting ability. This class is for those that have questions they were curious about and were afraid to ask and those that are anxious with all those stitches and patterns and would like to become more comfortable. Please bring your questions if you want to know something specific about any of the subjects covered in this class. We are eager to help start taking the mystery and anxiety out of crocheting for you. This class does include crochet activities and you will begin a simple project of your choice. All activities are held in a classroom setting and participants are encouraged to bring your own needles, patterns, and yarns that you may want to use or have questions about. Students will be provided with a standard size crochet needle, a small skein of yarn and pattern that they can use during class and keep.

**When:** November 29, 2017  
9am-12pm or 6pm-9pm

**Where:** Mountain Girl Outdoors, 301 North Haywood Street, Waynesville, NC 28786

**What to Bring:** Yourself, an open mind, a willingness to learn, and something to write on and with. Participants are encouraged to bring your own needles, patterns, and yarns that you may want to use or have questions about. Students will be provided with a standard size crochet needle, a small skein of yarn and pattern that they can use during class and keep.
