

## Orientation to Shotguns I

**Short Description:** Shotgun introduction, responsibility, and safety training.

**More Details:** This is a three-hour course for safe shotgun handling that is conducted in the classroom only. Students are taught the rules for safe gun handling; primary causes of shotgun accidents; shotgun parts; how to safely unload certain action types; ammunition components and types; basic cleaning and care; and safe storage options of shotguns in the home. These classes are designed for those that have handled shotguns very little or not at all and want to become more comfortable around them at home or in your environment. This class is for those that have questions they were curious about and where afraid to ask and those that are anxious around shotguns and would like to become more comfortable. Please bring your questions if you want to know something specific about any of the subjects covered in this class. We are eager to help start taking the mystery and anxiety out of shotguns for you. This class does NOT include any live fire activities. All activities are held in a classroom setting.

**When:** January 15, 2018  
9am-12pm or 6pm-9pm

**Where:** Mountain Girl Outdoors, 301 North Haywood Street, Waynesville, NC 28786

**What to Bring:** Yourself, an open mind, a willingness to learn, and something to write on and with. Do Not bring any firearms or ammunition to class.
