Subj: SPONSORSHIP AND DONATIONS IN SUPPORT OF THE WOUNDED WARRIOR  
UMPIRE ACADEMY'S BASIC UMPIRE CAMP

1. The Wounded Warrior Umpire Academy's mission is to offer our nation's wounded, ill or injured heroes the basic training necessary to become a youth baseball umpire. As a Marine, I can speak to you first hand of what we call "esprit de corps." It is the pride of belonging to an organization much bigger than you in the service of others. Our military men and women have answered the nation's call voluntarily and some of them have sustained wounds causing them to be removed from their combat units as a result. In many cases, these warriors have to medically retire from the service. We offer these warriors the opportunity to feel like they belong again, to be part of yet another organization in the service of others: our nation's youth through the sport of baseball.

2. Your support is critical for our success. We are currently connected to both Active Duty Wounded Warrior Battalions in the Marine Corps for recruiting students and word of our Academy is spreading. In our first year we trained 14 and in our second year we had 20. With expenses of airfare, lodging, baseball equipment, uniforms and local van transportation, donations and sponsorships are crucial for accomplishing our mission. We are an official non-profit organization and would be honored to place you on our list of donors and let these heroes know how much you care.

3. Each of these warriors are guaranteed employment in the Denver area if they choose to reside there. Our national collegiate umpire connections also provide links to youth assigners wherever these men and women choose to reside. There is no beach out of reach. We provide continuing support and education while none of my staff or board of directors accept compensation. We are all volunteers called to serve these warriors who have served us. You cannot afford to miss out on being a part of this awesome mission and I look forward to hearing from you soon.
