

## Safety Best Practices Forum

October 1, 2008

## Workshop Overview

- ✓ In-depth look at PSM elements
  - ✓ Management of Change (MOC)
  - ✓ Pre-Startup Safety Review (PSSR)
- ✓ Safety Roundtable
  - ✓ Refrigeration Operation Staffing
  - ✓ Emergency Response

## Workshop Goals

- ✓ Share ideas on PSM and safety in order to
  - Cultivate best practices
  - Diffuse those best practices back into your organizations
- ✓ Achieve meaningful improvement in process safety management within your organizations

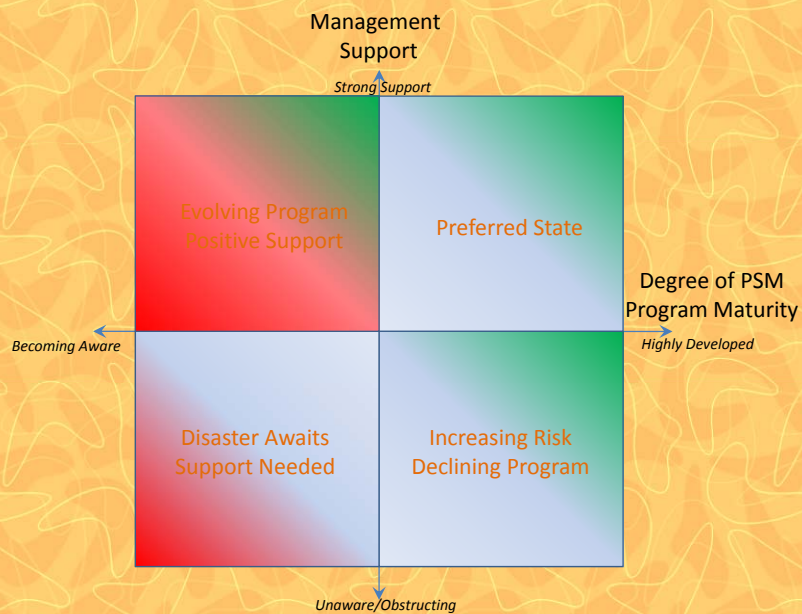

## Workshop Approach

- ✓ Presentations
  - Review requirements of provisions in the PSM standard
  - Review relevant OSHA-issued interpretations
- ✓ Interactive workshops
  - Compare your practices with others
  - Identify strategies to achieve both compliance and real safety improvements
- ✓ Share lessons learned

## Ground Rules

- ✓ Be open and honest
- ✓ PSM Programs will differ because
  - Organizations are different
  - Systems vary in complexity
  - Personnel with varying capabilities
- ✓ Seek and recognize "Best Practices"
- ✓ Stay positive!

## PSM Program State of Health

## Introductions

- ✓ Name
- ✓ Position
- ✓ Company
- ✓ Experience with safety & PSM
- ✓ This workshop will be a success if ...
