St. George's Marina

BOOKING AND PAYMENT TERMS

please refer to rate sheet for pricing

PAYMENT:

The berthing fee is calculated based primarily on the vessel's length overall (LOA) and duration of berth rental.

One full day starts at 12 noon and ends the following day at 12 noon. Payment is due for a full day whatever time the vessel arrives after 12 noon.

A 40% deposit via wire transfer is required in order to secure your berth reservation. The balance of the payment (60%) is due by January 31st, 2017. Wiring instructions will be sent once we receive the reservation and agreement form.

The berthing fees do not include the cost of any services provided (water, electricity, fuel, transport, etc.) These services will be invoiced separately prior to the vessel departing the Marina.

CANCELLATIONS:

Cancellations made prior to January 31st will be refunded less a 10% (of total cost) booking fee.

Cancellations after January 31st, 2017 are non-refundable unless we are able to resell your berth; in which case we will issue a full refund less 10% (of total cost) booking fee.
