12 months warranty on all of our products

# General Terms and Conditions of Sale

**1A General** These terms apply to every sale of Goods by Source It Direct Pty Ltd (The Company).

**B** Each tender or quotation by the Company is, notwithstanding any rule of law, an invitation to treat only and is not an offer by the Company to the Purchaser.

**C** The Company and the Purchaser agree that these terms constitute the entire agreement between them and that there are no other understandings,

**2 Precedence** In the event of conflict between these conditions and those which may be included in, or implied by, any document forming part of any enquiry, specification, quotation, order or contract, then these conditions prevail except in as far as they are expressly varied by the Company in writing or otherwise by law.

**3 Acceptance** A quotation is not to be construed as an offer or obligation to sell and the Company reserves the right to accept or reject any orders received

**4 Validity** Unless otherwise stated, quotations are open for acceptance for a period of 30 days from the date of quotation and therefore are subject to confirmation before acceptance

**5 Cancellation or Variation** A contract may, at the Company's option be terminated in the event of insolvency of the purchaser or of execution being levied against any of the goods of the purchaser or of the purchaser being placed in liquidation, whether voluntarily or otherwise. An order may be varied only if such variation is accepted by the Company in writing and by any variation or cancellation by the purchaser (whether or not it has been agreed to by the company) may only occur on terms which will provide for the Company to be indemnified by the purchaser against any loss or damage.

**6 Information and drawings** All descriptive specifications, illustrations, drawings, dimensions and weights furnished by the Company or otherwise contained in catalogues, price lists and other advertising matter of the Company are approximate only and the intended to be by way of general description of the goods and shall not form part of a contract unless certified by the company in writing, in which case, they shall be subject to recognised tolerances.

**7 Performance** Any performance figures given by the Company are based on the company's experience and are such as the Company expects to obtain on test, The Company is under no liability for damages for failure to attain such figures unless the Company has specifically guaranteed them in writing, subject to recognised tolerances applicable to such figures.

**8A Prices** Unless otherwise agreed in writing, the Price is ex works and excludes transport and delivery costs, customs excise duties and charges, sales taxes and GST all of which must:

- i) be paid by the Purchaser; and
- ii) if the Company disburses those costs, be refunded to the Company by the Purchaser. Without limitation, the Purchaser must pay to the Company on demand the GST payable by the Company for the Goods.

**B** The price is subject to alteration without notice and the Price payable by the Purchaser for the Goods ordered is the Price applicable at the date the Goods are dispatched .

**C** The Purchaser must pay to the Company the Price for the Goods:

- i) at the address of the Company stated in the invoice;
- ii) within 30 days of invoice date;
- iii) without set-off, discount or by way of exchange of the purchaser's goods or services; and
- iv) in Australian dollars, unless otherwise agreed in writing by the Company.

**D** If any part of an invoice is disputed, the Purchaser must promptly pay the amount not in dispute according to the applicable payment terms.

**E** Without prejudice to its rights to sue for payment or exercise any other remedy where any payment is not made on the due date,

**F** Where the Purchaser's account is in arrears, the Company may demand payment of the arrears as well as payment in advance for any undelivered Goods before proceeding with manufacturing or making any further delivery of Goods under these terms or any other agreement or arrangement between the Company and the Purchaser

**G** Notwithstanding the above, the Company reserves the right to restrict or withhold the sale of further Goods on credit if the Company has reason to doubt the Purchaser's ability to pay for such purchases.

**H** The Company may correct any clerical errors or omissions, whether in computation or otherwise in any quotation, acknowledgments or invoice.

**11 Delivery Charge** A delivery charge per order, charged at the rate applicable at the time of delivery, will be applied on all orders which

are delivered to a customer's premises, or as directed by the customer. This amount will be shown as a separate item on all invoices.

The delivery charge will not be applied to a supply of equipment back orders from an original order, which is beyond the control of a customer

**12 Terms of payment** Nett cash 30 days unless otherwise stated. When Payments are made contingent upon delivery, erection or test, and any or these stages are delayed to suit the purchaser's wishes or convenience, or by reason of unreadiness of site foundations, or other works- such as delivery of material being furnished under separate Contract- payments are to be made within the time in which they ordinarily would have been made had there been no such delays, the material being, if necessary, stored at the purchaser's risk and expense. Should the purchaser delay in respect of any payment due to the Company then the Company shall have the right in addition to all other rights at law to charge interest on overdue amount at such rate as is charged to the Company by the Company's bankers for overdraft accommodation and calculated from the date of the invoice to the actual date of full and final payment. Payment will be credited first against interest accrued. The Company may also defer or cancel any outstanding balance of an order and may enter upon the purchaser's premises or elsewhere as provided in Clause 17.

**13 Packing** Unless stated otherwise in the quotation, the price quoted includes packing in accordance with the Company's standard practice. Any other packing request by the purchaser or deemed necessary by the Company will be charged for in addition to the price quoted.

**14 Delivery** The delivery period quoted commences from the date the Company receives sufficient information to proceed with supply of from the date the Company receives the purchaser's written order, whichever is the later date. Quoted delivery dates are subject to confirmation when placing the order. The Company is not in any event liable to the purchaser for any loss of profits or any other consequential loss or damage caused to the purchaser by any delay in delivery or any non-delivery of the goods or any part of them.

Claims for shortages in deliveries must be advised to the Company in writing within 7 days of receipt of goods

**15 Storage** If delivery is delayed for any reason beyond the Company's reasonable control for a period of 14 days after the date on which the purchaser is notified that the contract goods or any completed items forming part thereof are ready for delivery, the risk of the goods shall forthwith pass to the purchaser, and the Company is entitled to invoices to the purchaser for payment in accordance with clause 12. If the purchaser fails to take delivery of the goods in accordance with the preceding sentence, the Company may arrange suitable storage of such goods at the Company's premises or elsewhere at all costs of or incidental to such storage must be borne by the purchaser. The purchaser must, on demand, pay to the Company all costs of storage insurance, demurrage, handling and other charges incidental to such storage.

If delivery is delayed for any reason beyond a reasonable control of both the Company and the purchaser after the period stated in the preceding paragraph of this clause, the costs of storage, insurance, demurrage, handling and other charges incidental to such storage shall be shared equally between the parties at the risk in the goods Remains with the Company. The Company is entitled to present Invoices to the purchaser for payment in accordance with clause 12 for half the quoted value of the goods ready for delivery, the balance being Invoiced when delivery is effected.

**16 Damage or loss in transit** Where carriage is the responsibility of the Company, the Company will repair or may replace free of charge contract goods lost or damaged in transit to the contractual point of delivery provided written notice of such loss or damage is given to the Company within 3 days of delivery or expected delivery, or within such times as will enable the Company to comply with the carrier's conditions of carriage as affecting loss or damage in transit.

**17 Property and risk** Notwithstanding that the goods are in whole or in part at the risk of the purchaser, the property in legal title to the goods remains with the Company until they are all the other goods previously supplied by the Company whether under this or any other contract (collectively referred to as the goods) have been paid for by the purchaser.

## General Terms and Conditions of Sale

Until the goods have been fully paid for:

**A** the company may by its servants and agents enter the purchaser's premises or elsewhere at any time without notice to inspect the goods

**B** The purchaser must store them including other goods into which the goods have been incorporated, in such a manner as to show clearly that the goods are the property of the Company

**C** The purchaser must deliver up the goods to the Company on demand, and in default of delivery, the Company may by its servants and agents enter the purchaser's premises or elsewhere at any time without notice to repossess the goods

**D** To the extent (if any) that the property in and legal title to the goods has passed to the purchaser by operation of law, the Company has a specific lien over the goods until paid for in full

**E** The purchaser is not entitled to make any deductions from the price of the goods for any set off or counter claim.

Where carriage is the responsibility of the Company, this obligation shall be subject to the provision of clause 16. The whole of this clause applies notwithstanding any arrangements under which the Company grants credit to the purchaser.

**18 Credits** Standard products as listed in the published price lists of the Company may be returned for credit, provided the goods:

**A** Are returned within 14 days of delivery, free to the Company's warehouse

**B** Are accompanied by a delivery docket stating the Company's original invoice number - and a reason for the return

**C** Are returned in an unsoiled, undamaged and resaleable condition, in their original packing

No goods will be accepted for return under any circumstances (other than for reasons of wrong delivery of because they are faulty) unless the nett value is greater than \$50.00

Goods will not be accepted for return after 14 days from date of delivery unless by prior arrangement, and with the payment of a restocking fee of 20% of original nett invoice value, or \$50.00 nett, whichever is the greater.

If goods have been supplied by the company of a manufactured/assembled to order or indent only basis, the Company will not accept them for return unless they are faulty or have been wrongly delivered.

No returns shall be accepted for credit until all Goods Return formalities and documentation have been finalised. Customers should familiarise themselves with this procedure prior to the return of goods.

**19 Loans & hire** Any equipment loaned or hired out by the Company and not returned to the Company within the specified loan or hire period are deemed as sold, and the list price of the equipment becomes due and payable by the recipient.

Any equipment loaned or hired out by the Company must be returned by the recipient in the original packing, and in original condition - fair and reasonable wear and tear accepted.

Any returned equipment found damaged or defective, due to reasons not covered by Company's standard warranty provisions, results in the recipient being charged for repair charges, or the cost of the equipment, whichever is the lesser.

Return freight, if applicable, will be prepaid by the recipient.

**20 Copyright, licences & patents and industrial property**

**A** Copyright licences, patents and design rights for all engineering design, software and hardware supplied by the Company remain the property of the Company and shall not be available in any form to third parties, nor re-used by the purchaser, unless agreed to in writing by the Company.

Any software supplied by the Company may be used by the purchaser only on the CPU or equipment configuration specified.

**B** The purchaser must not alter, remove, or in any way tamper with any of the trade or other marks or numbers of the Company of its supply line partners' attached to or placed on goods.

**21 Training** Where training forms a part of the supply of goods and services, such training will be charged at a rate per 8 hour day (or part thereof) for a specified number of trainees, and cover provision of training equipment, training instructor and course handouts. Where training is carried out external to the Company's offices, the cost of transporting equipment and instructor's air fares, hire car for site transportation, meals, accommodation and miscellaneous out of pocket

expenses will be charged at cost. All travel time and stand-by / waiting time will also be charged in accordance with the labour rate ruling at the time.

**22 Engineering assistance** Any engineering or technical assistance provided by the Company, not already covered by any other clause herein or other condition of contract as applicable, will be charged at the labour rate ruling at the time, (including travel and stand-by/ waiting time), plus expenses at cost. Applicable expenses include, but are not limited to, those described under clause 21 for external training. Any required miscellaneous materials purchased by the Company will be charged at cost, plus 25 per cent. Any assistance provided in accordance with this clause shall be at the purchaser's sole risk.

**23 Warranty** All goods which are of the Company's own manufacture or of the Company's supply line partners' manufacture and supplied by the Company, are guaranteed against faulty workmanship, materials or design for a period of twelve months for the date of despatch after which all liability on the part of the Company ceases. Any repairs that the Company undertakes are guaranteed for a period of twelve months in respect only of the components that are the subject of the repair. The Company's liability for any loss, injury or damage shall be limited to making good by replacement or repair of defects which appear under proper use provided that the Company permitted to inspect defects before replacement, the defective components being returned free into the Company's store. Any unauthorised repairs or alterations to the equipment invalidates this warranty. In the case of goods not of the manufacture of the Company or of its supply line partners, the Company undertakes that it will, if requested in writing by the purchaser, make all reasonable endeavour in assisting the purchaser to obtain from the manufacturer the benefit of any guarantee of warranty which the manufacturer may have expressly given as to the quality or fitness for any purpose of the goods, except as may otherwise be provided by law. The fulfilment of this undertaking constitutes the Company's sole liability for any loss of profits or consequential loss or damage suffered by the purchaser in consequence of any defect in material or workmanship of such goods or the failure of the goods to perform in accordance with any performance figure stated. The are no expressed or implied warranties given by the Company in respect of Proprietary software. The only warranty that is applicable is the warranty supplied by the owner of the software and purchaser must comply with all reasonable conditions of such warranty.

This warranty does not exclude any condition or warranty implied by the Trade Practices Act 1974 or separate State Laws and is in addition to any other right that the original purchaser or any subsequent purchasers may have at law.

**24 Indemnity** The purchaser must comply with all instructions of the Company in relation to the fitting, installation and use of the goods. Notwithstanding such compliance, the purchaser must keep the Company indemnified against all claims expenses and liabilities of whatever nature including, without limiting the generality of the foregoing, claims for death, personal injury, damage to property, and consequential loss, including loss of profit which may be made against the Company or which the Company may sustain pay or incur arising out of the manufacture or sale of the goods, unless the same is directly and solely attributed to any breach of contract or by negligence of the Company of its authorised employees or agents.

**25** These conditions are to be so construed as not to infringe any State or Commonwealth legislation, and if necessary they shall be read down to such extent necessary to ensure they do not so infringe. In the event that any conditions cannot be read down so as not to infringe it shall be deemed to be void and severable.
