

BIOGRAPHY – VANITA LYNN WARREN

Dr. Vanita Lynn Warren is a Messianic scholar and theologian. She is Owner and Director of K.S. (King Solomon) Industries and its imprint KSI Messianic Press. She is a freelance writer who has written for various Christian magazines, churches, and ministries for over a two decades. As an established freelance writer and published author she has been published in such magazines as Discipleship Journal, Christian Standard, and Pray. More recently, Vanita has written from a Messianic-Hebraic Roots perspective. In 2011, she published *Identity: Why Jews and Christians Are an Inseparable People*; which is available on Amazon and Barnes & Noble.

KSI Messianic Press (KSIMP) focuses on scholarship from a Hebraic Roots perspective. Vanita embraces erudition that doesn't fashion something *new*. Rather, her writings reveal the Scriptural truths in the *old*—void of doctrines that have resulted from traditions of men. Vanita avidly researches the Hebraic roots of the Christian faith, and seeks to educate from a 1st Century perspective—the perspective that Yeshua and His Apostles would have instructed from.

In addition to researching and studying Biblical roots, Vanita also researches and coaches clients, mostly *pro-bono*, regarding their genealogical roots at www.MyRoots2Me.com. She has been researching her own family history for over 10 years, and has discovered family roots dating back to the 1600's. This includes descendency from her slave-holder great-great-great grandfather. Through DNA testing via Ancestry DNA, Vanita has discovered additional roots in Europe, West Africa, and South Africa, as well as correcting her family's oral heritage that had been passed down since her youth.

The blend of *Biblical Roots* (spiritual) and *Genealogical Roots* (physical) for KSI clients is the ultimate vision and goal. KSI seeks to help clients discover where they come from via their ancestry; and as well as who they are in Messiah Yeshua, by providing them Direction Through Godly Counsel (DTGC) from a ministry perspective.

Vanita holds a Th.B., Th.M. and a Ph.D. of Theology; and is pursuing certification as a professional genealogist. Vanita is a retired police enforcement officer, with over 20 years of investigative and criminal justice experience; which greatly enhances her ability to do genealogical research. She is also an Air Force veteran, and an Air Force Reservist with over 20 years of service with numerous awards and decorations. Vanita currently serves as an Education and Training Manager for the USAF Reserves. Vanita is familiar, with extensive course work, in several languages including Spanish, Italian, Biblical Hebrew, Modern Hebrew, and Biblical Greek. She is a former Colorado State Director for Concerned Women for America (CWA) from 1999-2001, and also served in the roles of the Colorado State Communications Director and Colorado State Legislative Liaison. She is married, has two grown children and two grandchildren, and resides with her husband in the Denver Metro area.
