## **Oil and Gas Financing      Americap Direct and JV Funding Partners**

Americap Direct has been helping individuals and companies secure commercial funding throughout the United States for over 15 years. We only work with the most reputable hard money lenders and private money investment groups in the country. With our experience and knowledge, we have the capacity to orchestrate and facilitate creative solutions for even the most difficult transaction. Minimum \$250K up to \$500M+. We are pleased to announce the expansion of our oil and gas and wind energy funding activities. We will consider most all oil and gas projects, small or large, as long as they are solid projects. We also fund green energy projects to include solar and alternative energy.

### **Oil and Gas Funding**

Americap Direct has several years experience in oil and gas funding. We can help get your oil and gas project funded with straight debt, equity participation or a combination of debt and equity participation. We will consider most all oil and gas projects, small or large, as long as they are solid projects.

Our Joint Ventures funding for equity and debt, can be formed between several E&P companies that seek to collaborate on development projects focused in a particular state/county/parish or area. Joint Ventures can also be a straight non-op Working Interest investment by a third party firm and/or group or institutional fund in either a well, a series of wells or working interest in a block of acreage and all its subsequent future development.

AMD works with both E&P companies seeking JV partners and financing, as well as E&P companies/groups/firms looking for investments in such JV opportunities.

We want to invite any and all companies seeking JV investment opportunities to contact us. We have arranged JV relationships between multiple E&P companies, between funds and/or investment groups and E&P companies looking for JV financing partners, etc.

If you are an E&P company looking for new assets or partnerships and are willing to consider both operating and/or non-op JV investments/partnerships we would like to hear from you. If you are a fund or investment group or family office looking for WI investment opportunities or JV partnerships please give us a call.

If you are an E&P company looking to offer Working Interest in a well package or in the development of a block of acreage please also give us a call. We'd like to build relationships with companies seeking JV deals as well as those offering JV deals.

<b><u>RECENT FUNDING</u></b>	<b><u>amount</u></b>	<b><u>date</u></b>	<b><u>location</u></b>	<b><u>partner</u></b>
122 Oil Wells	\$24,500,000	June 2014	Utah	BBVA Compass
