TOP SELLER

Pro Tip

LIGHT STORAGE: After use, wrap up each set of lights individually and secure a tie around them. Avoid storing lights in the attic or anywhere the summer temperature exceeds 100 degrees.

As seen on

Good Morning America's
#1 choice for outdoor
Christmas lighting!

PRO CHRISTMAS
QUALITY WITHOUT COMPROMISE

PRO Christmas™ RY Coaxial LED LIGHTS & HARDWARE

RY Coaxial 5mm Wide Angle Conical LEDs

	Light	Spacing	Watt	Length	Color & Wire Options Available
RY	50	6"	3.45	25'	Green Wire: Warm White, Pure White, Multi, Red, Green, Blue, Amber, Yellow
	70	4"	4.83	23'	Green Wire: Warm White, Pure White, Multi, Red, Green, Blue, Amber, Yellow

RY Coaxial LED Lights & Hardware: Watertight coaxial connection between lights prevents moisture related issues and screw tight connections prevent sets from unplugging from one another even in the harshest winter conditions.

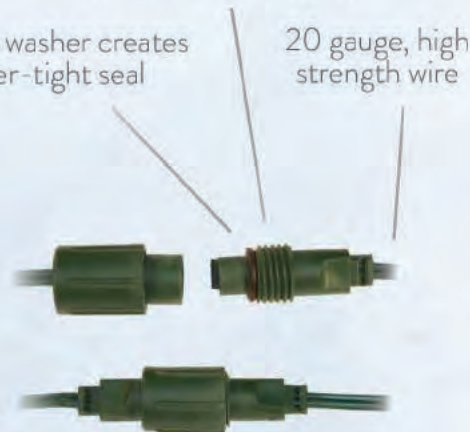

Threaded connection prevents lights from unplugging

Rubber washer creates water-tight seal

twinkly™ PRO

Twinkly Pro

Twinkly Pro is the next generation in RGB Christmas lighting and is a truly revolutionary way to take your Christmas lighting to the next level. Affordable, yet remarkably powerful, Twinkly Pro takes the guesswork out of advanced RGB animation sequencing. No more difficult mapping or manual programming. Thanks to the power of the Twinkly Pro App, anyone can create custom animation lighting programs in minutes.

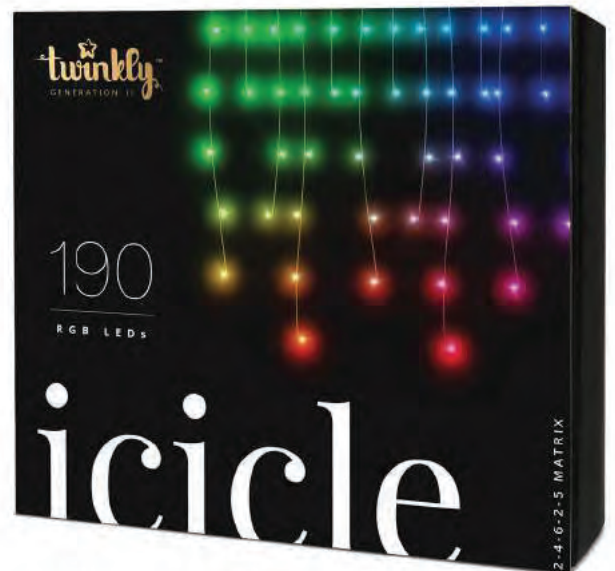

Twinkly Retail

The Future Of Lighting Is Here! Twinkly retail grade lights are designed for the cost-conscious consumer that wants to have fully functional RGB Christmas lights, but at a price point better suited for regular residential use.

One App, Countless Effects - Take control of your lights and share an endless number of effects!

Free App connects to the controller and allows you to manage the animations directly from the personal device in a matter of seconds.

RGB *Lights*

The latest generation Minleon RGB technology combines cutting edge hardware with an open source platform to create an animation lighting system that is unmatched in the industry. From a simple animated tree, to a multi-million dollar holiday extravaganza, we have the perfect RGB solution for your lighting needs.

BLEE LINEAR

Permanent
Lighting

BLEE LINEAR Lighting Solution brings the technology of Minleon-Rainmin's RGB+ pebbles to your perimeter lighting. This is a maintenance-free solution for an outstanding and eye-catching attraction, also more cost-effective and reliable than previous products available.

Pebble

Cord Black, Clear Spacing 12"

RGB Animated LED

- 17 Million Colors
- Special Effects
Pre-Programmed & Customizable

Two LED SMD Chips per pebble creates an incredible illumination.

UNICORN Lighting System

Utilizing **Unicorn Receivers** with Blee Linear generates a system that can be controlled locally with an App or through the ground-breaking LoRa interface.

LoRa is a wireless communication protocol linked through an Internet-connected antenna, enabling long-range transmission with low power consumption and allowing control from anywhere in the world. The military-grade antenna connects to the Unicorn Receiver within a 5-mile radius, with no limitation of quantity.

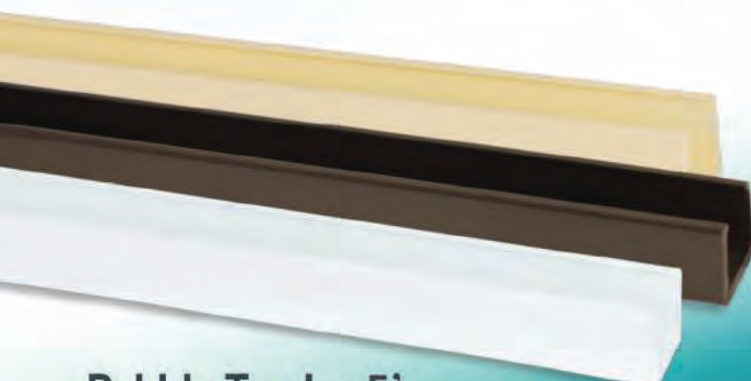

Cloud-Based Lighting Control

BLEE BLEE BLEE
BLEE BLEE BLEE

BLEE LINEAR Track system is a low-profile solution and custom-made to fit Minleon-Rainmin's RGB+ pebbles, adding it to your perimeter lighting. The Tracks are made out of PVC plastic and available in 5 ft. sections or 1.5 inch clips. The lightweight product is easy to cut if custom lengths are needed. Clips can be used when more flexibility is required, i.e. rounded corners or arches. The Tracks are mounted using adhesive or screws (no pre-drilled holes required).

Skylines

Show off your Holiday spirit and business with these cross street decorations. From simple skylines to a stunning custom display - there is a design for every taste. Ask about creating a custom design unique to your city or business!

Pole-Mounted Decorations

These continue to be a popular choice when decorating light poles and electrical poles for the holiday. Easy installation and long life cycles make pole mounted decorations a great choice for cities and commercial properties. Choose from a selection of traditional, modern, and custom designs!

Sign Enhancers

The perfect addition to your mall, city, HOA, or business signage. Whether it is a unique design you've always imagined or traditional elegance - Pick the elements you want and we can make it happen!
