REHOMING QUESTIONNAIRE.

Before you qualify to be able to rehome an equine from LHPR we kindly ask you to complete this short questionnaire. Please be open and honest with your answers.

Once complete a member of the rehoming team will be in contact with you

(please allow up to 7 days for a response)

We only accept applications of permanent and forever homes.

If you cannot accommodate the equine when you or your child transitions to a larger pony/horse , please do not apply as your application will be rejected.

<u>Question</u>	<u>Answer</u>
Your name	
Your address	
Your phone number	
Are you aware that we request a rehoming fee (NON refundable donation) for all LHPR equines? Our rehoming fees are listed on our website.	
Are you aware we will conduct a home check before an equine is placed in your care?	
Are you aged 18 and over and a resident of the Republic Of/Northern Ireland?	
Many of our equines have come from situations of abuse, neglect and cruelty. At the time of rehoming not all are fully rehabilitated. The ones not fully rehabilitated can take a lot of time and work to come right. Are you willing and experienced enough to do this?	
Have you and all your family members fully discussed getting a new horse and have you all taken into the account the lifespan of the horse etc?	
Are you financially prepared to look after a horse? Vet bills, farrier, dentist, bedding, feed. Insurance, transport etc

Have you all the necessary facilities for looking after a horse correctly? Shelter, paddock, water and liability insurance?	
Have you an Equine Premises Number? (DAFM)	
Are you planning on rehoming this equine for a child/young adult?	
If yes, when the equine gets too small or the child/young adult outgrows the equine what would your plan be for the equine?	
Horses can be unpredictable. Are you willing to work through any and all behavioural issues as they arise? Such issues can have many different causes - illness, discomfort (caused by injury, ill-fitting tack, etc.). Are you committed to exploring these potential causes before considering returning the horse to LHPR? Returning the horse to LHPR must be seen as a very last resort.
