

3/15/19

Sooner Plant Farm, located in Northeast Oklahoma, is needing to add additional team members to help us continue to grow our well-established online plant business. We are in our 15th year of selling plants to home owners across the US, via online shopping, and with the right individuals, we have the potential to become the nation's premier online plant company.

We have several immediate full-time positions available in our office, shipping department and field production. We are looking for applicants with experience in any of the following areas: landscaping, landscape plant knowledge, social media and internet marketing, Microsoft Excel or Access, website development, customer service, small package shipping, plant growing or nursery management.

If you have experience in any of these fields and would like to work in a pleasant environment with friendly co-workers and unlimited growth potential, we would like to talk with you about becoming one of our valued team members. Our farm is located in Park Hill, OK. which is very near to beautiful Lake Tenkiller, the Illinois river and the city of Tahlequah. Our small community is family friendly and off the beaten path. However, Tahlequah is located just 5 miles away and is quickly growing into a traveler's and a retirement destination city.

If you are interested and would like discuss the possibilities, please contact Brian by email at ictrees@mail.com Please include a resume with references and work experience. Pay will commensurate with experience.

Let's make this happen!
