Why Choose a Galls® Customer Website?

Enables you to work together as a unit

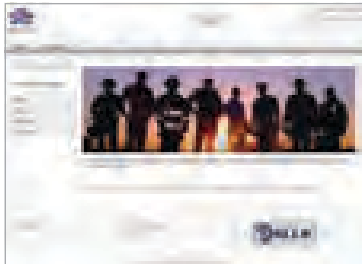

- Use your jargon
- Adhere to your product specifications
- Employ your allotment system, whether it be by dollar amount or by unit
- Use uniform programs that contain only preapproved items and uniform customization, restricted by rank and function(s)
- Receive a unique URL secured by unique usernames and passwords

Reduces mistakes and increases effectiveness

- Save time and money (up to \$500 per officer)
- Enjoy easy-to-use interfaces
- Reduce mistakes in ordering
- Allow 24/7 ordering with in-house customization services

Maintains status of team members

- Offer on-demand reporting
- Show real-time availability
- Fully integrate with the warehouse management system
- Manage customer inventory
- Provide command-tree and automated approvals
- Communicate with dashboards and emails

Adapts to changing trends

- Function on your mobile devices
- Access a comprehensive product selection
- Utilize vast sourcing capabilities

Join the thousands of customers

Hardworking Shirts Withstand Stains

NEW

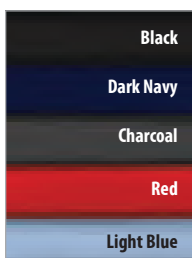

Dickies® WorkTech Ventilated Performance Shirts

Dickies blends cool comfort with industrial strength for a work shirt that won't stop. Back and underarm mesh ventilation keeps air circulating through the garment, while moisture-wicking properties carry perspiration away from your skin. Flexible fabric allows for a free range of motion, a considerable benefit when work requires extended or repetitive movement. Treated to withstand stains and fading, even after several industrial washings, for stress-free care.

- 65% polyester, 35% cotton poplin; 100% polyester micro pique for polo
- 4.7 oz, 100% polyester AeroCool mesh
- Moisture wicking
- Stain release
- Color retention
- Two chest pockets; no pockets on polo
- Flex fabric; back and underarm mesh ventilation
- Self-collar, side vents and drop tail on polo

Colors: (SJ018, SJ017) Light Blue, Dark Navy, Black. (SM561) Dark Navy, Black, Charcoal, Red. Sizes: Men's S-4X Reg, M-3X Tall, see size chart A on p. 98

Galls® Work Shirts

Classic design and low-maintenance features unite in the Long Sleeve Shirts from Galls. Stain-release and wrinkle-resistant properties make for easy-care workwear that also withstands the rigors of industrial laundering. Fashioned from a combination of polyester and cotton poplin for a fabric fusion that will not disappoint, with polyester's built-in resistance to abrasions, tears and shrinkage, and cotton's innate breathability. Chest pockets provide a convenient spot to stow your identification.

- 4.5 oz, 65% polyester, 35% cotton poplin
- Stain release
- Wrinkle resistant
- Two front chest pockets
- RFID tag ready
- Industrial laundering
- Imported

NEW

Under Armour® Storm Covert Pants

Built to face any challenge you face on the field, these pants are treated with a DWR (Durable Water Repellent) treatment so water beads up and rolls off. What's more, the DWR finish repels water without sacrificing breathability. You will also enjoy the full range of motion that the mechanical stretch fabric affords. Field-friendly features include a CCW-compatible waistband and secure cargo storage.

- 100% polyester with mechanical stretch
- UA Storm gear uses a DWR finish
- 2 secure cargo pockets; 2 back pockets; 2 front slash pockets
- Elastic waistband; reinforced knees and crotch

How-to-Measure Information for Men and Women

Use a cloth tape measure to determine your correct size.

For Helmets, Caps or Hat Size — Measure completely around the head, starting approximately 1" above eyebrows in front and going around the largest point at the back of the head.

For Chest/Bust Size — Measure just under the arms, completely around the back and across the broadest part of the chest area. Hold tape firm and level. For body armor, see product description.

Neck — Measure a shirt that fits you well. Lay the collar flat and measure from the center of the collar button to the far end of the button hole. The number of inches equals your size.

Sleeve — Measure from the center of the collar (in the back), across the shoulder and down the sleeve. Number of inches equals sleeve length.

For Women's Hips — Stand with heels together and measure around fullest part of hips.

Inseam — Take a pair of uniform pants (not jeans) that fit you well. Measure (to nearest inch) from the crotch seam to the bottom of pants.

Belts — If between "even" sizes, order the next larger size. Order 2" larger than your waist size.

Gloves — Measure around hand at fullest part (exclude thumb). Number of inches equals glove size. Consult the chart given for the gloves you are ordering to convert inches to the size you need for that product.

Place of Sale

Galls reserves the right to accept or reject any and all orders, regardless of the manner in which the order is made. Orders become valid, and the sale shall be deemed made in Lexington, Kentucky, subject to the terms set forth herein, when accepted by Galls. Visit galls.com/Pages/TERMS for details.

State and Local Sales Taxes

Add applicable state and local sales tax percentages for location. The sales tax applied to a Galls purchase is determined according to state and local laws and regulations. The tax rate is based upon the orders shipped from and shipped to information. Visit galls.com/Pages/TAXINFO for details.

Restricted Items

Galls restricts the sale of select products by federal, state and/or local law. Galls is an authorized dealer of all the goods it offers for sale, but does not and cannot grant the right or authority to persons to purchase items which may be regulated pursuant to such laws. Orders for such products require shipping to authorized agency or official identification. Visit galls.com/Pages/TERMS for details.

Pricing in this Catalog

Typographic, photographic and/or descriptive errors are subject to correction. In the event of an error, Galls reserves the right to correct the error, including, but not limited to, right to cancel a processing order if the item is priced incorrectly. Merchandise prices and specifications are subject to change without notice. Prices are current upon receipt of this catalog and are good through 6/21/16 (unless otherwise noted). Promotional offers cannot be combined and are good while supplies last.

Mail List Preferences

Galls mailing list is made available to carefully screened companies whose products and services may be of interest. Visit galls.com/Pages/PRIVACY for details. To stop receiving such mailings, call 800.477.7766, change mailing preferences on the web (registered customers only), fax a copy to 800.944.2557 or send a copy of your mailing label to: P.O. Box 54308, Lexington, KY 40555. Note: Circulation updates require nine to 12 weeks to process.

Outfitting Your Customization Choices Why Choose Galls?

- **Service:** Comprehensive range of services for public safety professionals
- **Convenience:** Ready-for-duty uniforms the moment they arrive at your door
- **Affordable:** Low prices to meet your budget
- **Selection:** Vast online inventory for a convenient and viable one-stop resource
- **Personalization:** In-house capabilities to customize apparel, hats and bags

Shirt Tailoring

Standard Embroidered Namestrips

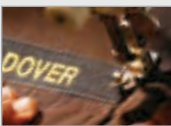

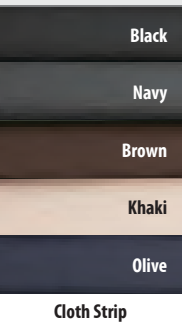

Choose standard or ACU namestrips (see below) when you purchase your uniform, and we'll apply them **FREE!** We embroider all of them in-house so we can deliver them to you even faster.

For standard namestrips, choose the cloth strip/embroidery color combo. Limit of fifteen 1/2" characters. 1" H x 9" W.

\$5.39/ea

Cloth Strip Color

Black, Navy, Khaki, Olive, Brown

Digital Embroidered Namestrips

Namestrips for your ACU. Name appears in black embroidery. Limit 15 characters. VELCRO® brand backing. 1" H x 5" W.

6R1-UA6035 \$4.39/ea

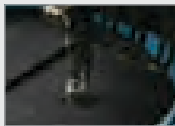

1" H x 5" W

Nameplate Eyelets

Choose nameplate eyelets for a nice, sharp look.

Description	Item	Price
Embroidered	6R1-LL098	\$6.59
Metal	6R1-UA563	\$3.19

Buttons-to-Zipper Conversion

Found a shirt with all of the features that you want, but it doesn't come with a zipper front? Any button-front shirt that we offer can be converted to a convenient zipper front. An additional \$5.99 will be charged for labor.

6R1-UA562 \$7.59

Button Replacement

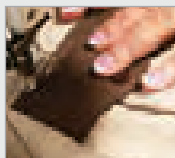

We can take your plastic buttons from any shirt and replace them with metal buttons — and they'll be ready to wear when they arrive at your door. Buttons sold separately.

6R1-LA100 \$8.99

Pocket Flaps & Epaulets

We can change the pocket flaps and epaulets on most uniform shirts for a two-tone option! Call for details and pricing.

Three Easy Steps for Unrivaled Customization

1. Choose Your Product

We know how vital it is to set yourself apart with distinct identification. That's why we offer an extensive array of apparel, hats and bags that can be customized to meet your department's specifications.

2. Tell Us the Customization You Want

Galls offers a comprehensive line of personalization options. Choose embroidery, emblems, heat press or screen printing. You can even receive services like button replacement, nameplate eyelets and striping for those meticulous features that turn the ordinary into the extraordinary.

3. Call to Place Your Order

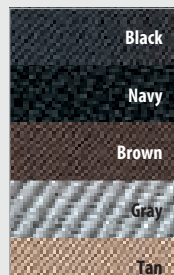

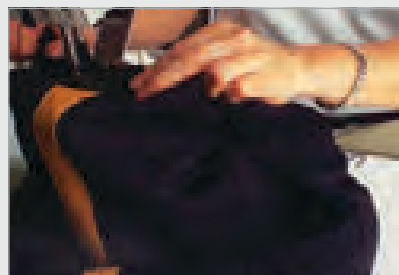

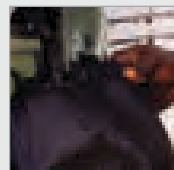

Our helpful representatives are available to answer all of your questions. They also make sure that they gather all of the crucial information needed for our talented and experienced customization team. That's when the magic begins, when your request is transformed into a viable product that exceeds expectations.

Questions? Call us at 800.477.7766

Pant Tailoring

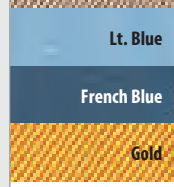

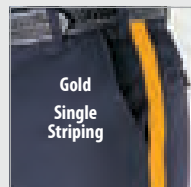

FREE Hemming So Your Pants are Ready to Wear

Just tell us your inseam, and the experts on our uniform services team will give your pants the professional look you want. They'll be ready to wear when they arrive at your door. For most pants, we can sew inseams up to 35" for men and 32" for women.

Striping

Simply order our cloth or braid striping option, and specify your choice of color (available on most uniform trousers). Colors and widths: See below and right.

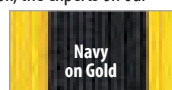

Description	Item	Price
1/2" Cloth	6R1-UA157	\$8.59
1" Cloth	6R1-UA158	\$10.89
1/2" Braid	6R1-UA159	\$8.59
1" Braid	6R1-UA160	\$10.89

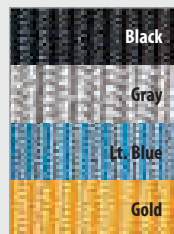

Cloth Striping

Two-Tone Striping

For an extra-distinctive look, the experts on our apparel finishing team can add two stripes to each side of your pants, one stripe on top of another. Call for details.

Two-Tone Striping

Braid Striping

Heat Press

Heat Press is a durable and affordable option for adding titles to just about any garment. Choose from reflective and non-reflective designs and titles; or create your own one-line or two-line custom titles. Reflective heat press is designed of 500 Candlepower of 3M™ Reflectivity.

Reflective Heat Press

500 candlepower of 3M™ reflectivity — designed for nighttime duties. Logos and wording can be placed on the front chest and on the back. All titles are offered in silver reflective color only.

- Same glass bead retro-reflective technology used in ANSI-compliant apparel; light reflects back to the source like vehicle headlights
- Designs and lettering are affixed to your apparel with heat for a permanent transfer
- Flexible reflective graphics won't peel or fade away

Left or right chest titles: Security, Police^(X), Sheriff^(X), Fire^(X), EMS.

Left or right chest title: 1"H x 4"W
6R1-HT037 \$8.79

Left or right chest design 6R1-HT035 \$8.79

Security	2½"H x 3½"W
Police	2½"H x 3½"W
6-Point Star	3¾"H x 3¾"W
Maltese Cross	3¾"H x 3¾"W
Star of Life	3¾"H x 3¾"W

Back Design 6R1-HT033 \$12.59

Security	4"H x 11"W
Police	4"H x 11"W
Sheriff	4"H x 11"W
Fire	4"H x 11"W
EMS	4"H x 11"W
Star of Life	7"H x 7"W

Chest Titles

Chest Designs

Back Designs

Back Reflective Heat Transfer Sets

Choose up to two lines. 1" letters can have up to 18 characters. 2" letters can have up to 12 characters. 3" letters can have up to eight characters.

6R1-HT002

1 Line	\$11.99
2 Lines	\$15.29

Non-Reflective Heat Press Titles

Recommended specifically for daytime use. You can place words in a variety of non-reflective ink colors on the front chest and on the back. Designs and logos are not available.

- Choose title, type size and color. Apply to front, back or both.
- No minimum number required
- Titles are affixed with heat for permanent transfer

Titles and Colors: SECURITY, POLICE^(X), SHERIFF^(X) — available in Black, White, Gold; FIRE^(X), EMS — Black, White, Red, Navy

Height	Item	Price
1"	6R1-HT048	\$7.69
2"	6R1-HT049	\$7.69
3"	6R1-HT050	\$11.99
4"	6R1-HT051	\$11.99

Screen Printing

Screen Printing

Screen Printing of titles or designs is more economical than embroidery — and with less limitations than heat press. You can even screen print polyester. Option is available on selected polos, casual shirts, T-shirts, bags, rainwear and outerwear. Screen printing can handle almost any design, with a durable and long-lasting result. *Call for details and pricing.*

Stand Out With a Custom Design

Set yourself apart with a unique emblem or exclusive embroidered design. When public safety professionals arrive at the scene, a customized emblem immediately identifies them as authority to civilians and to other public safety agencies. Let us help you distinguish yourself in a sea of uniforms with custom authority. Call 800.477.7766 today to find out how you can outfit your entire department.

Emblems

Submit your design, and we'll take care of the rest. From a sketch to finished artwork, we can customize an emblem to your specifications. We'll even send an existing emblem to you for approval. Emblems are available in several options (see below).

Embroidered

Highlights traditional emblem construction with raised detailing and a shiny finish

Inkjetted

Provides more flexibility with details and color gradation

Woven

Allows for more detailing, including smaller lettering

Combination

Combines the fine detail available with a woven emblem, but with the classic raised features of traditional embroidery

Embroidery

Complete your look with custom embroidery for a more flexible, comfortable option. Please supply finished artwork. Some restrictions apply.

Call us today at 800.477.7766 to start.

Questions?

Our knowledgeable and helpful customer service representatives are available Monday-Friday, 8:00 a.m. - 9:00 p.m. ET. Call 800.477.7766 to place an order, ask a question or learn more about our products.

Embroidery

Embroidering your apparel adds a personal and professional appearance

Automated machines can outfit your entire department with uniform designs

Create precise designs

One of the things that sets us apart from our competitors is our in-house customization capabilities. We know how important it is for your uniform to look exactly right — and as a busy public safety professional, you don't have time to run to the tailor or embroidery shop. That's where we step in for you: We take care of the details so your uniform is ready for duty when you receive it!

Embroidered Designs

Right Chest Personalization

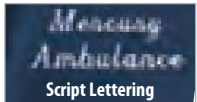

Left Chest Personalization

Chest Personalization

Embroider up to three lines of messaging on left or right chest (all caps: 15 characters/spaces each line, or mixed caps: 22) stitched onto any garment that accepts embroidery. You can also choose block or script lettering. Designs may also be embroidered on your shirt chest.

Description	Item	Price
Right Chest, 3 Lines	6R1-PEC03	\$9.79
Left Chest, 3 Lines	6R1-LL3LN	\$9.79
Right Chest, 2 Lines	6R1-PEC02	\$8.79

Right Chest, 1 Line	6R1-PEC01	\$6.59
Left Chest, 1 Line	6R1-LL1LNM	\$6.59

Back Designs

Add a back design to your apparel or outerwear purchase. Choose from Star of Life, Maltese Cross, or one of five shield designs: Police Officer^(X), Security Officer, Corrections Officer^(X), Communications Officer or Military Police^(X). Each comes with 20 characters/spaces around it. Gold or Silver.

\$29.49

- A) Star of Life **6R1-PED03**
- B) Shield^(X) **6R1-PED14**
- C) Maltese Cross^(X) **6R1-PED04**

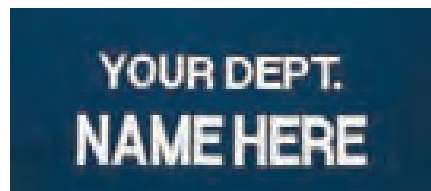

Block Lettering

Add large block letters to the back of your apparel or outerwear purchase.

Top row: twelve 1" character/spaces; **Bottom row:** ten 2" character/spaces.

6R1-PED00 \$29.49

for Apparel, Hats and Bags

Collar Personalization

Personalize the collar of your turtleneck, mock turtleneck or dickie.

Half-Inch Embroidered Initials

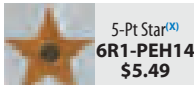

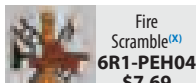

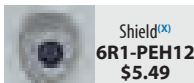

Choose up to four 1/2" initials on the left side of the neck.

6R1-PEH00 \$5.49

Embroidered Designs

Choose Shield, 5-, 6- or 7-Point Star, all in Gold or Silver; or Fire Scramble; or Star of Life in Black, Navy, Royal, White, Silver or Gold for the right side of the neck. Specify design and color.

Cap Personalization

Display your authority on a ball cap. Embroider your cap on the front, back, strap or in all three places. For design options, see right.

For the **front**, you receive one or two lines of embroidery. For **two lines**, choose up to twelve 1/2"H block letters on the top line; up to ten 1"H block letters on the bottom line. For **one line**, select up to ten 1/2"H block letters or 1"H block letters.

For **back** and **wrap strap**, specify up to 10 characters/spaces of 1/2" embroidered lettering.

Badge remains hidden until wallet is fully open

Protect Your Identity and Money with an RFID Blocking Wallet

Many credit card companies put RFID chips in your cards, sometimes without your knowledge. Savvy thieves can access the information on those chips, even when your cards are "safely" secured in your wallet. Our RFID Blocking Wallets specifically inhibit radio frequencies in chips from escaping until you pull out your card. Each wallet is lined with fabric designed to block RFID transmissions. Don't get caught unprotected. Watch this feature's video online.

Raise Your Level of Visibility

NEW

Maximum Visibility

Neese Reversible Jackets provide rain protection with 360 degrees of visibility to satisfy both ANSI and ISEA standards. The ANSI/ISEA Class III combination translates into the highest level of visibility, even in harsh weather conditions with traffic exceeding 50 mph. The Class E certified pants, when worn with a Class III jacket, automatically convert to a Class III ensemble.

Neese Reversible Weatherproof Rainwear

Reversible rainwear from Neese is perfect for outdoor patrol shifts and camping getaways.

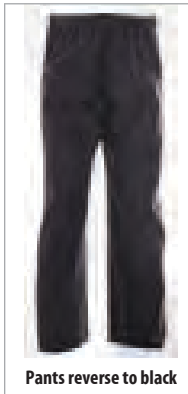

- 45% polyester, 40% nylon, 15% polyurethane with tri-laminated tricot
- Silver reflective tape trimmed in black on hi vis side
- Waterproof, windproof, breathable
- Slash-through openings with hook-and-loop closure

Black/Hi Vis. Sizes: S-6X, see chart B on p. 98

Jackets: ANSI/ISEA 107-2010 Class III Certified. Snap front with inner and outer storm flaps. Detachable hood. Raglan shoulder design for ease of movement, with a badge patch on both sides.

Pants: ANSI/ISEA 107-2010 Class E Certified. When worn with a Class III jacket, the outfit automatically converts to a Class III ensemble.

5.11

5.11 Tactical® Speed 3.0 Boots

Designed for speed, these boots are ready to traverse any urban jungle and tackle any training regimen without a misstep. Cupsole construction from 5.11 provides slip and oil resistance for surefooted landing and propulsion, with a multi-terrain tread pattern for serious traction. Self-cleaning forefoot lugs are an added advantage, lessening the amount of dirt and debris that would usually build up over time. Constructed from full-grain leather for classic comfort and ripstop nylon for long-lasting wear.

- Full-grain leather with ripstop nylon
- OrthoLite® insole for cushioning and comfort
- OrthoLite® stroble sock for additional cushioning and comfort
- Agion® antimicrobial treatment on lining
- 5.11® cupsole construction: one-piece outsole with self-cleaning forefoot lugs, fence climbing toe, slip/oil resistance and multi-terrain tread pattern
- 14mm heel-to-toe drop
- Polishable toe
- YKK® side zipper
- Imported

Colors: Black (FX191, FX194, FX196), Dark Coyote. (FX193), Desert (FX192). Sizes: 4, 5, 6-12, 13, 14, 15

Salomon Speedcross 3 Forces Shoe

For aggressive traction when you're blazing the trail, don Salomon's Speedcross Shoes. Whether you're running or training in the mud, snow or rain, the traction and defined fit of these iconic shoes will take you wherever you need to go. Plus, the smart addition of a mudguard reduces the amount of mud and water that would normally splash up on you while you run. Next time you hit the trail, be sure to wear these lightweight and stealthily designed shoes.

- Salomon Speedcross 3 Forces features:
 - Water-resistant textile and anti-debris mesh upper
 - Nonreflective materials
 - Sensifit™ cradles the foot from the midsole to the lacing for a customized fit
 - Quicklace™ for short prep time and a tailored fit
 - Mid feather construction
 - Lace pocket
 - Nonmarking Contagrip® outsole for traction in mud or snow
 - Molded, injected EVA (see p. 141) midsole; lightweight muscle
 - EVA contoured OrthoLite® sock liner

Support the Families of Fallen Officers

Each year, between 140 and 160 officers are killed in the line of duty and their families and co-workers are left to cope with the tragic loss. C.O.P.S. (Concerns of Police Survivors) provides resources to help them rebuild their shattered lives. Members include spouses, children, parents, siblings, significant others, and affected co-workers of officers killed in the line of duty.

Flashlight FAQs

Light Output (Lumens): Indicates the total light generated without regard to direction, beam quality or configuration.

Beam Distance (Meters): A measure of how far away the flashlight will usefully light an object when the beam is optimally focused.

Peak Beam Intensity (Candela): Indicates the light intensity in the brightest part of the beam when optimally focused.

Run Time (Hours/Minutes): The duration that a flashlight will continuously operate.

Charging System Puts Your Flashlight on Automatic

The charging system for the SL-20XP and SL20X automatically shuts off if the flashlight is accidentally left on, then turns on when you take it out of the charger. If left in the charger, it automatically turns on, during a power outage.

Streamlight® Rechargeable Lights

Streamlight Rechargeable Lights have the incandescent brightness and extended run time of the LED, creating a flashlight you can depend on in any circumstance. These lights are water-resistant and built with an unbreakable, scratch-resistant polycarbonate lens.

SL-20XP: is a lightweight, full-sized rechargeable that combines the brightness of an incandescent with the extended run time of LEDs — the best of both worlds.

Rechargeable Duty Lights

Fenix Rechargeable Flashlights

Rechargeable convenience with multiple output levels to choose from. Turbo mode produces extreme illumination. Fenix UC45 features an integrated Micro USB charging port cover, eliminating annoying rubber charging port covers. Both lights feature:

- Durable Aircraft grade aluminum
- Cree XM-L2 U2 LED
- Digitally regulated output maintains constant brightness
- Toughened ultra-clear glass lens with anti-reflective coating
- Tactical tail switch with momentary-on function
- Waterproof

Weapon-Mounted Lighting

NEW

SUREFIRE.

200 Lumens

SureFire® XC1 Ultra Compact LED Handgun Light

XC1 is truly a game-changer with its small size and ultra-light weight. Engineered to equip compact railed handguns with white light, this weapon light is a necessity for CCW applications. XC1's tough yet sophisticated build is precision machined from robust, lightweight aerospace aluminum. A hard-anodized finish that meets stringent military standards adds even more protection.

- Lightweight aerospace aluminum construction
 - Gasket sealed; weatherproof
 - Broad, smooth MaxVision Beam™ for close-quarter applications
 - High-performance LED generates 200 lumens of tactical-level light
 - 1.5 hours run time
 - Integrated ambidextrous momentary and constant-on switching
 - Easily and securely attaches to most universal rail equipped handguns
- Black. 2³/₈" L. 1.6 oz. Uses one AAA lithium battery (included)

Streamlight® TLR-1 and TLR-2 LED

These lightweight gun-mounted tactical lights feature the latest in shockproof LED technology for reliable operation. Intensely bright, virtually indestructible rail-mounted tactical light, mounts to almost any gun in seconds.

- Machined aluminum with black anodized finish
- 300 lumens, 2.5 hour run time
- Solid-state current regulation for consistent illumination
- C4 LED technology is impervious to shock
- Deep-dish parabolic reflector produces a concentrated beam with optimum peripheral illumination
- IPX7 rated design; waterproof to 1 meter for 30 minutes
- Mounts directly to handguns with Glock-style rails and to all MIL-STD1913 (Picatinny) rails with no tools
- Ambidextrous momentary/steady on/off switch

Streamlight® TLR HL Tactical Gun Mounts

Intensely bright, virtually indestructible rail-mounted tactical light, attaches to almost any gun in seconds. Provides a 630 lumen blast of light for maximum illumination while clearing a room or alley. This lightweight gun-mounted tactical light features the latest in shockproof LED technology for reliable operation. Rail clamp designed to rapidly attach or detach from side of weapon. Tethered battery door and latch mechanism prevents battery door loss while providing easy battery replacement.

- Machined aluminum sealed construction with black anodized finish
- 630 lumens, 1.25 hour run time
- Solid-state current regulation for consistent illumination level
- C4 LED technology, impervious to shock with 50,000 hour lifetime
- Deep-dish parabolic reflector produces a concentrated beam with optimum peripheral illumination
- IPX7 rated design; waterproof to 1 meter for 30 minutes
- Rail grip clamp system securely attaches/detaches quickly and safely with no tools and without putting your hands in front of muzzle
- Mounts directly to handguns with Glock-style rails and to all MIL-STD1913 (Picatinny) rails
- Ambidextrous momentary/steady on/off switch
- Highly accurate sight repeatability when remounting
- Fits existing light bearing holsters

C

Flare Alert Beacon Pro

Flare Alert Beacons

Unlike incendiary/strike flares, Flare Alert LED beacons are completely safe. No more risk of inhaling toxic fumes, starting brush fires, igniting spilled fuel/oil, burning equipment or yourself. An environmentally responsible option compared to flares that are considered hazardous waste.

- Beacons can withstand a 20,000-lb vehicle
- Weighted bases are heavy enough to keep the beacon stationary when landing helicopters
- Cone adapters can be placed in the top of cone openings to raise light visibility off the ground
- Replacement beacons, weighted bases and cone adapters available below
- Requires four AA alkaline batteries (sold separately)

Beacon Colors: ■ Red ■ Amber. Beacon measures 3¾"H x 3¾"W x 1¾"D.

Accurate Measuring Tools

A) Keson® Metal Wheel

Compact fold-down design easily reduces to half its size for storage and portability.

- Rugged ¾" steel tubing – strongest frame in the field
- Innovative, simple centerline design, great balance
- Superior counter protection and placement up to 99,999 ft

Dimensions: Circumference 4'. Wheel height 15½". Length: 24" collapsed, 48" extended

6R1-HS344 \$206.99

B) Keson® Kickstand Measuring Wheels

Telescoping handle and kickstand means no more bending over, putting strain on your back.

- Pistol grip for easy guiding
- Five-digit push button counter records up to 10,000 ft without resetting
- Telescoping handle adjusts to a comfortable height and makes for compact storage
- Wide rubber wheel

Dimensions: Circumference 3'. Wheel height 12½". Length 30" collapsed, 41" extended

6R1-HS112 \$86.69

C) Keson® Executive Dual Wheel

Dual rubber wheels make it easier to measure on slick or rough surfaces.

- Five-digit push button counter measures up to 10,000 ft without resetting
- Counts rolling forward; subtracts when rolled backward
- Curved, telescoping handle

Dimensions: Circumference 1'. Wheel height 4". Length: 17" collapsed, 38" extended

6R1-HS254 \$60.19

D) Keson® Compact Executive Measuring Wheel

Can fit inside a toolbox or even a briefcase. Ideal for quick estimating jobs.

- Four-digit counter measures up to 10,000 ft without resetting
- Accurately measures curved, vertical or horizontal surfaces

Circumference 1'. Wheel height 4". Length: 17" collapsed, 38" extended. 1.2 lbs

6R1-HS253 \$43.99

E) Keson® 100' Fiberglass Measuring Tape

Resists breakage and damage under the toughest field conditions.

- Fiberglass tape with two coats of PVC to prevent breaking
- Tough, molded handle with metal-reinforced crank handle
- Double-throat rollers guide the blade to prevent twisting

12"H x 8"W x 1½"D x 3¼"L; weighs 1.5 lbs.

6R1-HS314 \$29.39

F) Keson® 25' Pocket Measuring Tape

Rubber grip prevents slips and protects the tape if it does happen to fall.

- Positive lock and reverse with impact-cushioning "bumper" blade return
- 1" wide, nylon-coated, no-glare, Insty-Read™ blade
- Belt clip

3"H x 1"W x 1½"D x 3¼"L; weighs 12 oz.

6R1-HS345 \$11.79

Cortina Hand-Held Stop/Slow Traffic Sign

Durable, weatherproof sign is effective in potentially dangerous traffic situations. Features "STOP" and "SLOW"

Control Bleeding with Tactical Trauma Kits

In October 2015, the President announced an initiative from the National Security Council to "Stop the Bleed". Our Dyna Med® Personal Bleeding Control Kits contain the essential medical supplies required to save a life in the event of immediate, life threatening bleeding. Assembled with the highest quality components, these kits allow responders and bystanders to deliver lifesaving first aid in the event of a disaster.

Dyna Med® Personal Bleeding Control Kits

These kits include a tourniquet, trauma dressing, gauze, shears and medical gloves, all conveniently packaged in a compact nylon pouch. An excellent addition to any family medical kit, emergency preparedness kit or first responder kit.

- C-A-T Combat Application Tourniquet (TK225) is tested by the U.S. Army Institute of Surgical Research to be 100% effective in stopping blood flow in both the arms and legs
- SOF Tactical Tourniquet (TK226) is used by the world's elite operators for its dependability and ease of application
- SWAT-T Tourniquet™ (TK227) is a unique and multipurpose dressing; its name provides a description for usage — Stretch, Wrap and Tuck — but also the communities for whom it was developed, military and tactics teams

Black. Open: 37½" L. 21 oz

Tactical Medical Solutions SOF Tactical Tourniquet

Proven to be 100% effective during U.S. Army Institute of Surgical Research testing. Used by the world's elite operators for its dependability, ease of application, and ability to withstand extreme temperatures and operating conditions.

- Aircraft aluminum tourniquet handle withstands extreme temperatures
- Molded Acetyl tri-rings maintain strength in extreme operating conditions
- Designed to reduce the chance of accidental release or mechanical failure
- Fastening system will perform when soiled, muddy, frozen or wet
- Dual locking rings offer a back up locking system

Made in the USA.

QuikClot® ACS+

Curtails arterial bleeding quickly and easily. This advanced-clotting sponge is designed to adhere effectively to a wound, can be placed at any angle, and can be removed "whole."

- Easy application; simply pack into high-pressure, bleeding wounds
- Sponge design ensures that QuikClot won't blow away in windy environments

Single 100g sponge

6R1-FA213 \$29.99

QuikClot® 1st Response Sponges

QuikClot 1st Response Sponges come in a variety of individually wrapped sponges designed to address various wounds seen by first responders. High visibility packaging makes them easy to locate in trauma or first aid kits.

- Easy to use; just rip open a packet, pack the self-contained sponge into the wound and bleeding stops rapidly
- Sponges will conform to the shape of the wound
- Easily removed in a hospital setting

6R1-FA212 \$39.99/ 5pk

QuikClot® EMS Hemostatic Dressings

The QuikClot EMS family of products help put lifesaving technology in the hands of first responders.

FERNO K.E.D.® Kendrick Extrication Device

The Original Ferno K.E.D.® is ideal for extricating and immobilizing patients from auto accidents and other confined spaces. X-rays or advanced life support procedures can be performed with the K.E.D.® in place.

- Heavy-duty, vinyl-coated nylon
- Wraparound design provides horizontal flexibility for easy application and vertical rigidity for maximum support of the spine, neck, and head during extrication
- Built-in handles give rescuers a firm grip on the patient and K.E.D.®
- Adapts to a hip and pelvic splint by simple inversion
- Adjustable, fold-back sides permit easy access to patient's chest
- Includes wrap-around vest, Adjusta-Pad neck roll, 2 head straps and a carrying case

33"L x 32"W (Open); load limit: 500 lb; restraint weight: 8lb

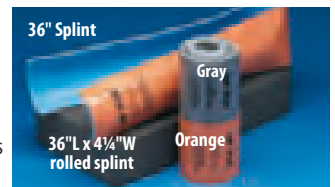

6R1-IE029 \$124.00

SAM Splints

Structural Aluminum Malleable or the SAM Splint comes in three sizes and styles.

- Apply to a variety of fracture locations
- Easily trimmed to form finger splints
- .02 strips of soft aluminum with a polyvinyl coating (no impediment to x-rays)
- Unaffected by extreme temperatures
- Waterproof

Colors: Orange, Gray

Dyna Med® Hare Traction Splint

The Hare Traction Splint from Dyna Med effectively realigns a fractured femur to its proper position, which can reduce pain and restore perfusion to an injured leg. It also inhibits further hemorrhage and additional nerve, vascular, bone or muscle damage. The one-piece design makes application fast, easy and complete in minutes.

- Larger traction knob for better grip and control; ratchet traction device and "S" ring hook
- One-handed traction adjustment; recessed traction release button
- Positive locking heel stand
- Faster length adjustment; collets lock with a few quick turns
- 4 leg support straps; Dyna Med adjustable ankle strap; Ischial strap and pad
- Nylon carrying case

Sizes: adult or pediatric (well-labeled)

Galls® Molded Nylon

When you choose our molded nylon duty gear, you are guaranteed a long-lasting professional appearance at a price that's so affordable, you almost won't believe it! Constructed of the finest ballistic nylon with closed-cell foam trilaminate, Galls Molded Nylon compares favorably and, in some cases, performs better than that of major name brands. Enjoy the dependability of duty gear that is fade and scratch resistant, combined with the convenience of being weatherproof and hand washable.

Safariland® ALS™ Holsters

Handles extreme temperatures of 300°F to -50°. The 7TS™ Series is extremely rugged and offers the ultimate in durability. This holster features precision injection molding and is incredibly lightweight.

- Proprietary nylon blend that is completely non-abrasive to a firearm's finish
- Automatic Locking System™ (ALS) internal retention in an open-top design, providing excellent retention with an ergonomic, simple straight up draw once the release is deactivated
- Raised stand-off surfaces in interior of holster creates air space around the weapon, allowing dirt and moisture to quickly clear any contact with the firearm
- Can be submerged in water indefinitely and still maintain shape and function
- Matte finish decreases reflection and can be maintained with a simple scouring pad
- Compatible with all Safariland holster mounting options
- Open-top design without SLS for quick retrieval of weapon

Weapon Fits: Beretta 92, Glock 17 and 22

Model #7379 Concealment Belt Clip: Features a 745BL Belt Clip for easy attachment and detachment from belt

6R1-LR217 \$38.19

Model #7377 Concealment Belt Slide: Injection-molded belt loop is user adjustable for cant and can be worn cross draw

6R1-LR216 starting at \$38.19+

Model #7378 Concealment Paddle

- Injection-molded belt loop is user adjustable for cant and can be worn cross draw
- Injection-molded paddle is highly concealable and rides close to the body

6R1-LR212 starting at \$42.59+

Safariland® ALS™ Paddle Holster

Automatic Locking System™ (ALS) secures weapon once holstered, providing an extra measure of security from standard open-top holsters.

- Simple straight up draw secures weapon once ALS™ is deactivated
- Suede lining
- Open-top design; comes with a belt loop to fit 1½" and 1¾" belt slots
- Injection-molded construction that rides close to the body

Black. Weapon Fits: Glocks 17/19/20/21/22/23; Sig P220/P226, P228/P229 and Smith & Wesson M&P. Finish: STX™ Plain. Right hand only. Left hand special order

Compact

Safariland® GLS™ Pro-Fit™ Concealable Holsters

Safariland brings the unique Grip Lock System™ (GLS) technology and SafariSeven™ together in a holster engineered to fit a plethora of guns with Pro-Fit™ technology. GLS™ secures the weapon when holstered and releases it upon application of the middle finger with a standard shooting grip for a more natural and safer release.

- SafariSeven™ nylon blend construction; GLS™ and Pro-Fit™ technologies
- Available in Standard (83), Long (683) and Compact (283) length models

Model #576: Adapts to securely fit over 100 firearms. Hi-ride injection-molded belt loop fits ½" belt widths.

6R1-LH310 \$44.99

Model #578: Adapts to securely fit over 175 firearms. Injection-molded paddle and belt loop is user adjustable for comfort and can be worn cross draw.

Intoximeters Inc.

Intoximeters Alco-Sensor Breathalyzer

The Alco-Sensor line of products offers instruments for both screening applications and applications where gathering court accepted evidence is required. These US DOT-approved testing instruments provide evidential accuracy and a quick-response time. Models include a carrying case and 25 mouthpieces.

Alco-Sensor III: Manually operated but accurate and economical method of determining a subject's breath/blood alcohol level.

- Includes last test recall
- Mouthpiece ejector
- Three-digit LED display
- Comes with calibration tool

5"H x 3½"W x 1¼"D. 6 oz

6R1-LE906 \$525.00

9V Batteries **6R1-FH210 \$11.99/2 pk**

Disposable Mouthpieces **6R1-LE908 \$66.99/250 pk**

Alco-Sensor IV: Automated, software-driven test protocol. Each function is displayed on an LED pane, which provides the operator step by step instructions for fail-safe testing. It can be connected to and run with a printer microprocessor or a computer for additional storage. The black dot saves up to 84 tests in the unit while the green dot model has one last test recall.

- One-way auto-eject mouthpiece
- Menu-driven test procedure
- Breath sampling indicator; automatic and manual sampling
- Four-digit, alpha-numeric LED display for easy viewing
- Uses single 9V battery (sold separately)
- Includes: calibration tool

5¼"H x 3½"W x 1½"D. 9 oz

Chain-Style Restraints

NEW

Lightweight, Forged Aluminum Strength

EXCLUSIVE ITEMS

ASP® Ultra Handcuffs

The first forged-aluminum rigid-frame restraint. Overmolded with ordinance-grade polymers making it stronger and up to 30% lighter than other handcuffs.

- Steel or aluminum contact bow with highly radiused edges
- Stainless steel chain with reinforced swivel
- Beveled keyway and double lock slot on each side
- Double and single locks are released by turning the key in a single direction

Black. 7 oz (Aluminum), 9 oz (Steel)

Description	Item	Price
Aluminum	6E2-RS261	\$45.99
Steel	6E2-RS267	\$49.99

ASP® Chain-Style Handcuffs

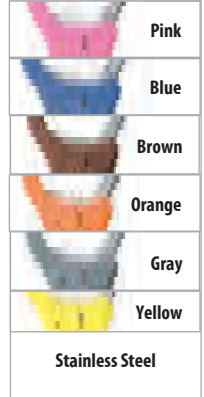

Over-molded cuff with tactical advantages, including:

- Dual-beveled keyway on both sides for continuous accessibility
- Flat, high-contact bow section provides a secure single-movement application, preventing slippage on wrist
- Smooth action engagement of locking bar to tooth bow in all 22 positions, making back-loading unnecessary
- Bright yellow warning indicator light alerts you to double lock the cuffs before transporting your subject
- Uses a standard handcuff key (sold separately)

Trust ASP® for Reliable Self-Defense

ASP® Tactical Batons

ASP friction lock batons have superstrong aerospace alloy construction, making them sturdy and reliable.

Original Steel — Expands easily with a snap of the wrist, and then retracts to carry on your belt. Black chrome steel shaft. Black machine-foamed handle produces a firm and durable gripping surface to assure non-slip handling.

Wavemaster — Grip design provides a secure grip, even when it's wet!

Airweight — Forty-five percent lighter than the Original Steel Baton, but just as durable and dependable. Made from lightweight alloy, this baton is highly recommended for undercover or detective use. Black shaft. Black machine-foamed handle.

Electroless — Designed specifically for officers on the coast, the Electroless is rust and corrosion resistant on both the inside and outside. Steel shaft is nickel-plated and dependable in every situation.

MK-4	7"H x 1¼"W	6R1-SD132	\$14.09

DEFENSE TECHNOLOGY

Defense Technology® Fast-Acting .4% Foam

Sprayed foam sticks to the object and then melts, covering the entire area.

- Eyeglasses offer no resistance
- Same formula as 10% Pepper Spray
- Electronic Discharge Weapon (EDW) safe
- Five-year warranty from date of manufacture

Desc.	Dimensions	Item	Price
MK-3	4¼"H x 1½"W	6R1-SD090	\$12.19
MK-4	6¼"H x 1½"W	6R1-SD091	\$14.09

Defense Technology® Deftech 1.3% OC Foam

Deftech MK3 and MK4 1.3% OC Foam is an intense OC formula with the advantages of foam.

- 1.3% formula is the most intense formula on the market today
- Offers extreme intensity without complicating the decontamination process or liability issues
- Nonflammable and Electronic Discharge Weapon (EDW) safe

Desc.	Dimensions	Item	Price
MK-3	4¾"H x 1½"W	6R1-SD197	\$12.19
MK-4	6¼"H x 1½"W	6R1-SD198	\$14.09

Galls Pepper Sprays
Starting at

\$13⁸⁹

Galls® 10% Oleoresin Capsicum with 1.33% Major Capsaicinoids

Pepper spray irritates nerve endings near the skin's surface, causing a burning pain upon contact when released in the direction of a perpetrator. The formula is nonvaporizing so it won't affect officers transporting sprayed suspects. Five-year shelf life warranty.

Essential Equipment for Self Defense Training

RedMan
Training Gear

RedMan® XP Suit

This 13-piece suit features plastic trauma plates that are doubled in thickness and molded into a wave to disperse more shock. For training use only – not for ballistic use.

- Reduced foam thickness yet maintains superior protection
- Repairs are easily done without having to return the product to the factory

Includes carrying bag. *Suit shipped via ground only*

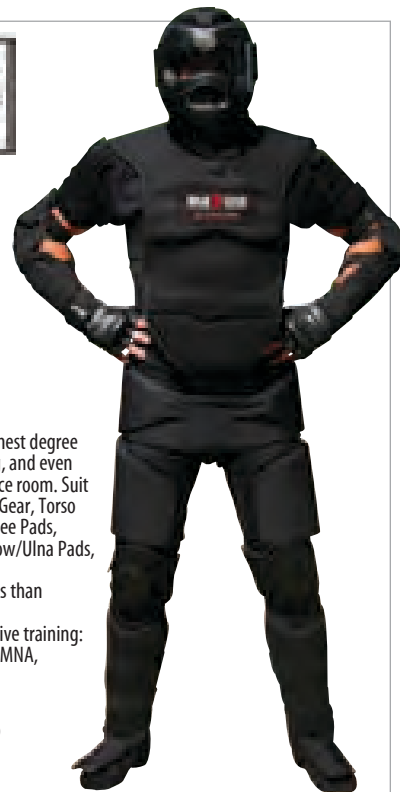

6R1-TN118 \$1,620.69

RedMan® 4x4 Package

Allows for more realistic multi-suspect training.

- XP suit
- 4 student suits
- Special Configurations Pak: 1 Enhanced Head Assembly (Enhanced Head, Throat and Collar), 1 pair Inner Forearm Guards, 1 Enhanced Lower Abdominal Pad and "No Foul" Groin Guard, 1 pair Foot Guards, 1 Attachable Face Shield, 1 pair Elbow/Forearm Guards, 1 pair Self-Defense Punch, Body Guard Protector, 4 inert OC sprays
- Accessory Pak includes: 4 Training Batons, 2 Striking Shields, 3 Equipment Bags, 2 Disinfectant Cleaners, 1 Repair Kit

6R1-TN046 \$4,663.99

High Gear Complete Training Suit

Impact-reducing suit provides highest degree of flexibility for striking or fighting, and even be flex-cuffed in the field or practice room. Suit contains eight components: Head Gear, Torso Protector, Combat Shorts, Shin/Knee Pads, Throat Guard, Combat Gloves, Elbow/Ulna Pads, and Peroneal Pads.

- Dress and begin training in less than three minutes
- Ideal for any aspect of combative training: detainee handling drills, CQB, MNA, grappling and striking arts

Weights 9-11 lbs

Handgun Clearing System

Concept Development Corp. Weapons Containment Systems

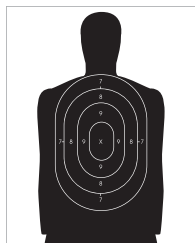

Systems aim weapons in a safe direction during unloading, preventing ricochet in the event of a misfire. Both systems are built to withstand multiple hits. Choose one system for Handgun Clearing and the other for Armor Piercing weapons.

- Approved for Federal Law Enforcement Use
- Handgun system features a steel and rubber construction that stops all handgun ammunition
- Armor piercing system features a steel and ceramic construction that stops rounds up to (but not including) .50-caliber BMG
- Both systems can be portable for use in trunk of squad car, desktop, or other surfaces without permanent mounting
- For permanent mounting, handgun system can be bolted to a wall or other surface, while the armor piercing system can be bolted to either a stationary or portable tripod base

ThorShield™ Electro-Muscular Disruption Resistant Technology

Law enforcement experts report an increase in the rate that officers are being shot with their own weapons, especially less-lethal energy arms. These authorities are recommending the use of apparel/devices that are resistant to weapons used in such attacks. ThorShield™ is a durable, lightweight, conductive material that effectively protects the wearer when hit in the vest with less-lethal energy weapons, such as TASER® devices and other electro-muscular disruption weapons.

Body Armor How-to-Measure Chart

Have another person measure your upper torso using a cloth tape measure. Wear proper attire i.e., T-shirt, service duty belt, etc.). Hold tape firm and level. For all measurements, round up to nearest whole number. Proper measurement ensures that edge of front and back panels will not touch duty belt or accessories while standing.

- Chest:** Measure around the fullest part of the chest, in a relaxed state, starting at the center.
- Waist:** Take a standing waist measurement, ensuring you measure across waist at its widest point. Generally, the widest point will be either approximately 2" above the duty belt or along the belly-button line.*
- Torso/Front Standing:** Measure from clavicle notch (collarbone) to approximately 1/2" above the duty belt.
- Torso/Back Standing:** Measure from the base of the collar (center of the back) to the top of a fully equipped duty belt.
- Torso/Front Seated:** Measure from clavicle notch to 1/2" above duty belt.

*If waist measurement is larger than chest measurement, select the size corresponding to the waist.
For females, please note the cup and band sizes for proper measurements

Extra Microfiber Carrier 6R1-BP462 \$120.79

Galls® SE Body Armor

An integrated carrier design with comprehensive protective coverage and enhanced mobility. The Self Suspending Ballistic System™ is comprised of neoprene shoulder straps and VELCRO® brand adjustability to provide you with a custom fit.

- Complies with NIJ 0101.06 armor standards
- Level IIIA meets US fragmentation tests for 2, 4, 16, 17 and 64 grain
- Extended coverage
- Waterproof ballistic panel cover
- Carrier has shirttails to help hold the vest into position
- Neoprene shoulder straps provide added comfort

Made in the USA. Sizes: See p. 356 for How-to-Measure Chart

Threat Level	Areal Density (lb/sq ft)	NIJ#	Item	Price
IIA	0.87	CIIA-3	6R1-BP432	\$393.79
II	1.13	CII-3	6R1-BP433	\$460.69
IIIA	1.5	LXIIIA	6R1-BP964	\$482.99

Extra Poly/Cotton Carrier 6R1-BP461 \$101.99
