

2017 Philharmonia Summer Assignment

Battlefield Orchestras

Info. Sheet

The Assignment: Video record the bracketed section of the “Little Fugue” (attached). You must have a metronome on when you make the recording (DO NOT use headphones for the metronome). The metronome should be set to 70.

When is it due? The first regularly scheduled class meeting (not the boot camp).

How do I turn it in? Email is preferred (saundez@pwcs.edu). Make sure it is received by the beginning of class. I will reply to your email to confirm receipt. If you do not receive a reply, physically bring your video to class with you to avoid late penalties.

If email is not an option (file too large, etc.), try the following:

1. Post it as a Youtube video and send me the link.
2. Download the video to my computer (before school)!
Don't forget your cable to connect your recording device to the computer.

Also... Seating auditions will be held during the week of September 4th (second week of school). You must prepare the complete “Fugue” and perform with the metronome set at 70. A passage will be selected “at random”. I mention this because you will want to get a head start over the summer.

Please do not hesitate to see me for help over the summer. Just send me an email at saundez@pwcs.edu to set up an appointment!
