JoJo Publishing

RRP \$16.99 : E-Book \$6.99

Sophie George lives with her father in the small town of Orchard Mead and works after school at their post office. She enjoys delivering the mail around the town, mainly because she likes to draw funny pictures based on some of the weirdos that live here.

But lately, it's not just the locals who have been acting strange — her Dad has been acting pretty weird too! Sophie's friend Janice is convinced he's a spy, but Sophie thinks that is ridiculous. However, the deeper they dig into her father's life, the more confused Sophie becomes.

The evidence all seems to add up. Could Janice be right;

## Is her Dad really a spy?

### After all he has been:

1. Receiving mysterious phone calls in the middle of the night
2. Caught talking in the pantry to a strange woman called Tiffany
3. Has pamphlets with information about Government buildings in Russia
4. Found plane tickets to Moscow

Learn all kinds of spy rules, including **Rule #121:** Bribing usually gets you what you want and **Rule #127:** Go with your first instinct.
