

Junior Road Safety Officer

We are launching our first JRISO competition of the year! There is a different competition for FS/Key Stage 1 and Key Stage 2.

FS/Key Stage 1 will be based on Stop Look Listen. We would like you to add to the Stop Look Listen slogan by designing a poster.

We would like you to write **a sentence** explaining what you do when you stop, look and listen when crossing a road safely. You can also **add a picture** too. Here are some examples to help you:

Try and make your poster bright and eye-catching!

We would like Key Stage 2 to look at their local area and what is in place to keep them safe. What is there to help you cross the road safely and to stay safe around traffic? You could either **write it as a list** or **draw a map and label** what there is. You could either download a map or draw your own.

For example on the island we have the new raised crossings that will help us to cross the road safely. We also have roads that are not straight so that cars travel slowly.

To help you with the names of different types of crossings please look at the guide attached.

The closing date is **Friday 9th November**.

Please remember to put your **name, age and class** on your competition entry.

There will be a box in the reception area for you to hand in your finished entries.

If you have any questions please speak to one of us or look at the JRSO board.

Good luck!
