ELIMINATE THE CHALLENGES OF A PAPER FILING PROCESS

IMPROVE YOUR WORK FLOW EFFICIENCY –
GATHER THE RIGHT CONTENT, MAKE BETTER DECISIONS

SmartPAL
Secure Permitting & Licensing

SmartPAL automates the submission and approval process for permits, applications and licenses.
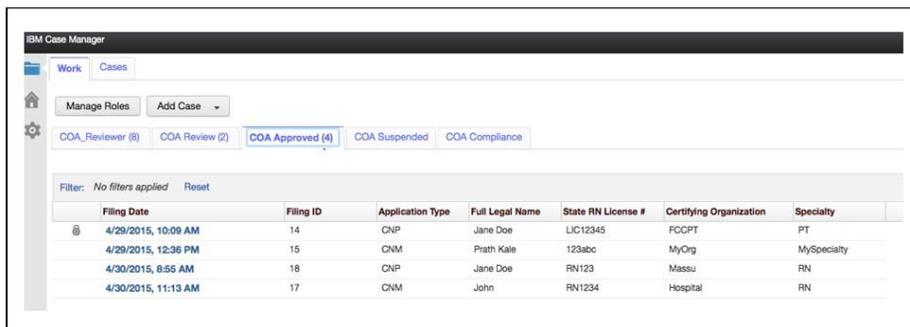

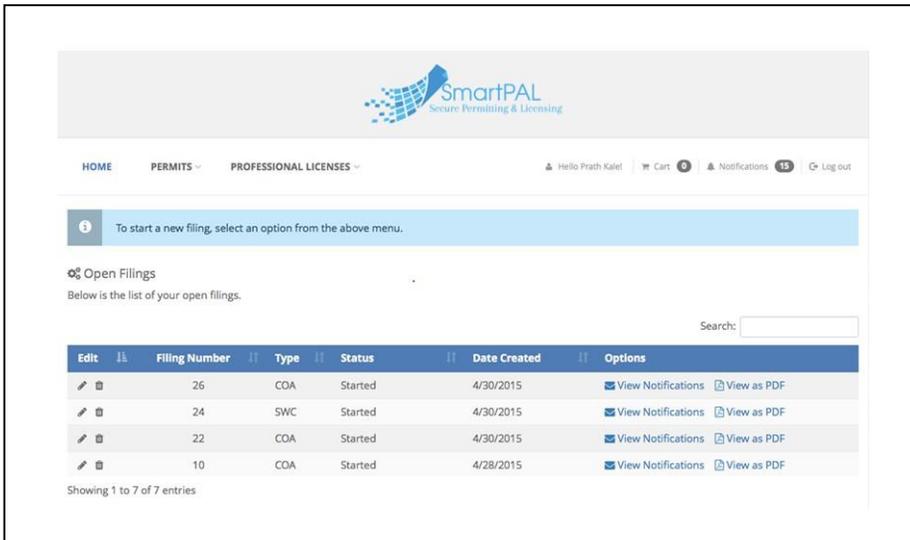

The solution leverages IBM Case Manager for powerful, flexible work flows and third-party integration points.

Our public, self-service web portal provides a 360º view of applicant information improving customer satisfaction.

Fairfax Data Systems can create an easy-to-use forms processing solution tailored to your needs and specifications that can cut down the processing steps by more than half.

SAVE TIME AND MONEY
IMPROVE PRODUCTIVITY AND EFFICIENCY
REDUCE PAPER
SHORTEN THE FORMS PROCESSING LIFECYCLE

Business Outcomes with **SmartPAL:**

✓ **Real-Time Validation**
Enforce business rules and ensure data quality before a customer even submits

✓ **Solution Flexibility**
Dynamic framework allows for quick process changes at the demand of regulatory requirements

✓ **Shorter Approval Times**
Dramatically improve approval times and customer satisfaction with automated work flows

✓ **Modern Electronic Process**
Provide both internal and external users with a modern one stop shop for all application information
