

QUICKLY AND EASILY EXTRACT IMPORTANT INFORMATION

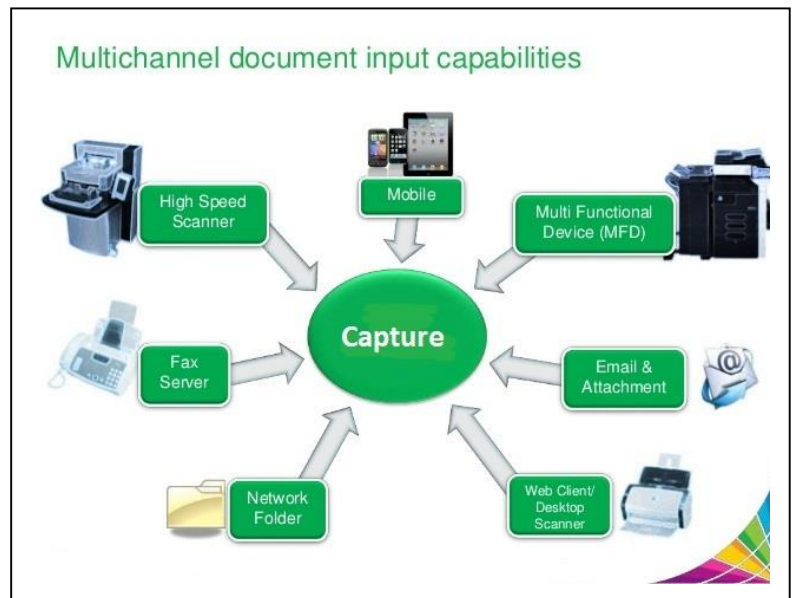

CAPTURE ALLOWS YOU TO TRULY GO PAPERLESS – TIRED OF SEARCHING FOR THAT 'LOST' DOCUMENT?

The Average 4-Drawer Filing Cabinet can hold up to 20,000 pages of Documents. Are yours all in there?

It costs a business an average of \$250 to recreate a lost document.

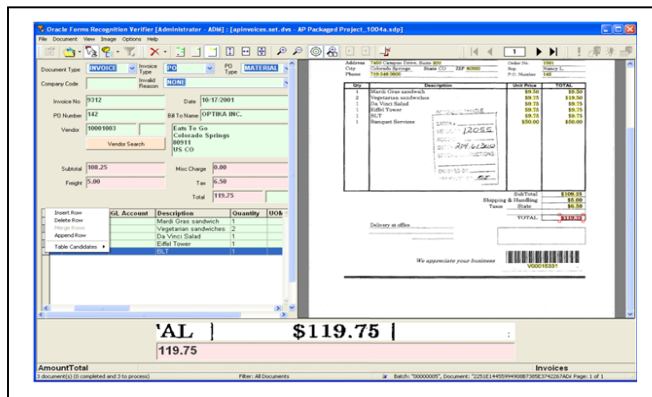

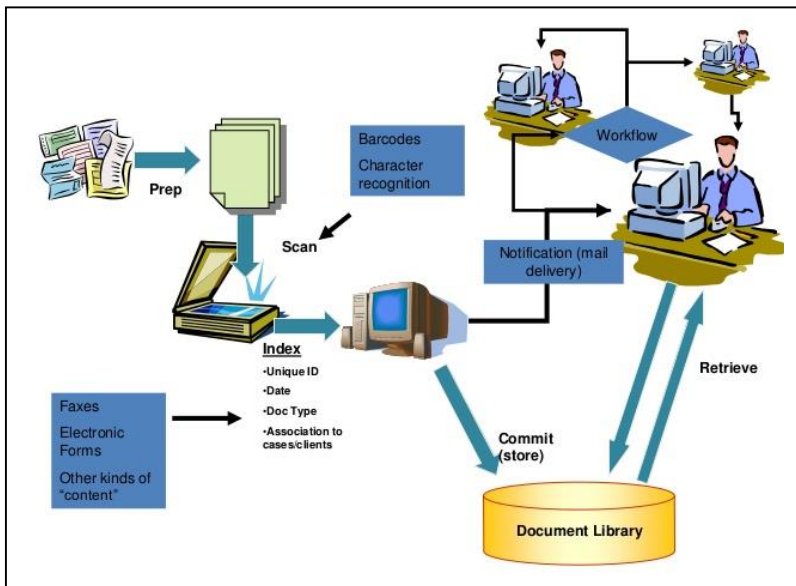

Our Capture Solution enables a business to quickly and accurately extract important information from those documents.

We support multi-channel capture by processing documents on scanners, mobile devices, MFP's or fax.

CAPTURE ALLOWS YOU TO TRULY GO PAPERLESS

TIRED OF SEARCHING FOR THAT 'LOST' DOCUMENT?

Why Your Business Needs CAPTURE:

- ✓ **Quick Easy Access to Content**
Access your content from simple search and never 'lose' another document.
- ✓ **COTS Functionality**
Hundreds of 'out of the box' actions and rule sets accelerate application development.
- ✓ **Enriched Mobility**
iOS and Android apps enable developers to embed mobile functionality into most devices.
- ✓ **Accuracy**
Multi-channel capabilities process documents with barcodes, machine-printed text, hand-written text and check boxes to increase speed and accuracy.
- ✓ **User Friendly Interface**
'Windows Look and Feel' ensures early adoption from key knowledge workers.
