

Apprentice Education – San Mateo Summer Class Schedule 2018

Together with passion

1st ~ 8th grade Academic Enrichment Class Schedule

Subject	Time	What will be covered
Communication & Speaking	9:00~11:00AM	Learn the effective use of communication behaviors and skills including verbal and physical expressions. Build teamwork skills and ways to deal with new surroundings. Great course for shy kids!
Language Art	11:30~1:30PM	Focus on three areas: reading, writing, and grammar. Learn to write in precise manner, improve on comprehension and critical thinking skills. Will get students better prepared for future standardized tests.
Asian Math	2:00~4:00PM	Conceptual-based learning that lays a strong foundation in Math skills by strengthening mental calculations and applying practical problems. Singapore Math curriculum will be used.
Electives	4:30~6:00PM	Covers a wide range of fun, hands-on projects including, but not limited to, art, modeling clay, crafting, lab work, and chess. Promote cognitive development through engagements and experiences.

- 6/25 ~ 8/10/18. Enrolling on weekly basis. No class on 7/4.
- All classes take place 5 days per week, Monday ~ Friday.
- Sign up for two or more classes to receive lunch and/or snacks for free.
- Class fee for enrolling:
 - 1 subject = \$250/week
 - 2 subjects = \$450/week
 - 3 subjects = \$600/week
 - 4 subjects = \$650/week

10th ~ 12th grade SAT Boot Camp Schedule

Subject	Time	What will be covered
SAT	9:00AM ~ 6:00PM Mon, Wed, Friday	Every week, take 3 full-length 4-hour practice tests and attend 12 hours class instruction and test reviews. Topics include evidence-based critical reading and writing, vocabulary development, grammar and essay writing, and Math problem solving skills. Class taught by highly experienced teachers/professors using the time-tested methods and real SAT test problems in a low student-teacher ratio environment. Lunch/snacks included during break time.

- 6/4 ~ 8/10/18. Enrolling on weekly basis. No class on 7/4.
- Students are expected to show up during the given class hours, bring their own graphing calculators and comply the class rules.
- Class Fee: \$799/week

Discounts:

- **Early bird** – \$50 off per class by 3/31/2018
- **Sibling** – \$25 off for each sibling every week
