Prince William Area Free Clinic

Press Release

Annual Health Fair

Woodbridge, Virginia, June 3, 2017: The Prince William Area Free Clinic is proud to announce our Annual Health Fair will be occurring on Saturday, June 3, 2017 from 9 a.m. to 1 p.m. Through the continued contributions of the Woodbridge Lions Club time and services we will be able to offer a once a year opportunity for Free Clinic patients to have their vision and hearing at the clinic. The health fair was originally founded around this unique service they provide and has grown to become the event it is today. This year Image Church will be providing game and activities for the children of families that are attending. Irene Saucedo of Irene's Dance Class has graciously agreed to provide music and run several Zumba dance classes during the fair in the courtyard, and Todos Supermarkets are donating water and fresh fruit for attendees.

While the direct medical services are exclusively for current, free clinic patients we have more than 25 organizations in health and human services that will be present. Healthcare is more than just what happens in an exam room with your doctor. It is our goal that this year's expanded health fair, which is open to everyone, will provide opportunities for attendees to learn more about services that are available in the community for them, their families, and anyone they may share the information with. This year's organizational attendees include:

- ADAMS Compassionate Healthcare Network
- American Heart Association
 - Anthem Medicaid
- Care Connection for Children
- Family Health Connection Mobile Vans
- Greater Prince William Health Center
- Hogar Immigrant Services
- Intotal Health Medicaid
 - La Nueva-Vida
- Mason and Partners Clinic
- National Latina Institute for Reproductive Health
- New Virginia Majority
- NOVA ScriptsCentral
 - NoVA Vets
 - NVFS's Early Headstart/Headstart
- NVFS's Health Families
- NVFS's Pediatric Primary Care Project
- NVFS's Supplemental Nutrition Assistance Program
- Partnership for Healthier Kids
