

PressureCareReliefProducts® of CASA C.S. Inc.

PCR[®] PRODUCTS

1. Manufactured by CASA C.S. Inc.

- Canadian company established since 1985
- Located in Montreal, Quebec
- Part of our new Medi-Care division inaugurated in 2014
- Made with a 3D Spacer Fabric woven by a Quebec company

PCRP® PRODUCTS

2. Made of a unique 3D Spacer Fabric Design:

*View of a 2-layer
3D Spacer Fabric*

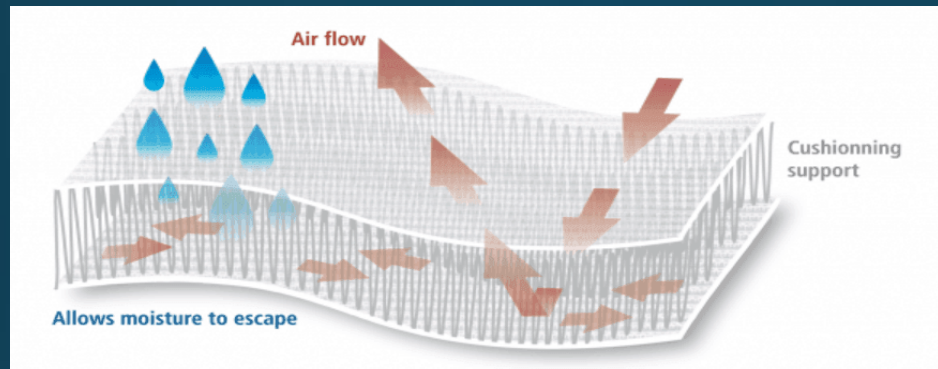

Thousands of polyester fibers from each combined layer works in such a way to:

- conform to the natural shapes of the body in both lying and sitting positions
- provides relief from pressure
- achieves a minimal shear

PCRP® PRODUCTS

2. Made of a unique 3D Spacer Fabric Design:

Air permeability tests have concluded that an average of 170 cubic centimeters of air can flow through every square inch of surface allowing:

- a good air circulation
- a good moisture evacuation
- a good support and an optimal protection

PCRP® PRODUCTS

2. Made of a unique 3D Spacer Fabric Design:

- **Antibacterial Fabric:**

Having successfully passed 'AATCC Method 100' with a reduction score of 99.9% (staphylococcus aureus)

- **Antifungal Fabric:**

Having successfully passed 'AATCC Method 30'

- **Fire Retardant Fabric:**

Having successfully passed "Triflameretard PE-100" and CRIB 5 tests

PCRP® PRODUCTS

2. Made of a unique 3D Spacer Fabric Design:

- **Machine washable and dryable Fabric**
A bleach can also be used
- **Worldwide Patent Pending Fabric**
Patent Reference Number available

PCR^P® PRODUCTS

3. Clinically tested and proven:

The first company to recognize the quality and effectiveness of PCR^P® products was Dan Medica South. They encouraged us to test our products so that they can present them to the **NHS.UK** (*National Health Service of England*).

After two years of testing, PCR^P® products have been approved by the NHS.UK and are officially recognized and recommended for pressure sores.

PCRP[®] PRODUCTS

pressure sores

PCR[®] PRODUCTS

5. Our PCR[®] Products Line:

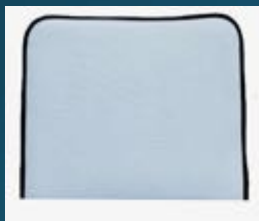

PCR[®] Mattress Toppers

PCR[®] Pads and Soaker Pad

PCR[®] Pillowcases

PCR[®] Chair Pads

PCRP® PRODUCTS

6. Composition of our Mattress Toppers:

- 1,2,3 or 4-layer 3D Spacer Fabric with 4-Corner Elastic
- with a Polyvinyl Lining
- one size available (36 x 78 inches)

Benefits:

- Protects all parts of the body at risk of developing a pressure sore or already with a pressure sore
- Protects the entire mattress against accidents
- Also made with a fitted spandex band around that perfectly hugs the mattress

PCRP® PRODUCTS

7. Composition of our Pads:

- 1,2,3 or 4-layer 3D Spacer Fabric
- with or without a Polyvinyl Lining
- 2 sizes available

Benefits:

- Lightweight and Wear-Resistant
- Provides protection and support for 24 hours
- Also made with wings that tucks under the mattress and holds the pad in place

PCRP[®] PRODUCTS

8. Composition of our Soaker Pad:

- 1-layer 3D Spacer Fabric
- 1-layer of Soaker
- with a Polyvinyl Lining
- one size available only (25 x 36 inches)

Benefits:

- Provides protection and support for 24 hours
- Ideal for people that suffer from incontinence
- Absorbs liquids while protecting against moisture

PCR[®] PRODUCTS

9. Composition of our Chair Pads:

- 6 or 8-layer 3D Spacer Fabric
- with or without an Anti-Skid Lining
- 4 sizes available

Benefits:

- Lightweight and machine washable like all our PCR[®] products
- Allows air to circulate easily under the user
- Does not compress themselves like foam cushions
- Provides maximum protection when used on a foam chair
- The Anti-Skid lining allows in keeping the cushion in place without having to fix it or attach it
- Suitable for all types of armchairs, even wheelchairs

PCRP[®] PRODUCTS

10. Composition of our Pillowcases:

- 1-layer 3D Spacer Fabric
- with or without a Polyvinyl Lining
- 2 sizes available

Benefits:

- Unique products on the market that address pressure sores on and around the head, and more particularly at the ears
- Suitable for all types of pillows
