Dear Messrs. Walls and Orr,

I want to commend you for your outstanding work as participants in the Indiana iCivics-Joyce Foundation Pilot Program. You and the students you recruited and trained should be very proud of the work you put into not only winning the competition for the most minutes played, but for taking the time to better understand how our system of government works.

I understand your group played over 31,000 minutes! That is an incredible amount of time devoted to iCivics and I thank you for it. I also learned that you recruited a local Boy Scouts organization to participate, and that 245 students played the games for a collective 500 hours to earn their merit badges. To my knowledge, that is the first time that has been successfully implemented, so I am thrilled to see iCivics used in such innovative ways throughout the summer. I strongly encourage you to continue your work throughout the year.

Please do not hesitate to contact my office if I can support your work in any way. Thank you again for your dedication to the students you serve.

Sincerely,

Sandra Day O'Connor
