My iCivics Classroom

a guide for teachers

A teacher account allows you full access to all of the iCivics resources contained on the site—including lesson plans and the Drafting Board tools which cannot be viewed by students. Once you've signed up, you can establish virtual classrooms, send out assignments, track student progress, and manage class discussions.

These step-by-step instructions will help you set up an account and use the newly redesigned iCivics site.

iCivics' Scope and Sequence

a guide for teachers

The iCivics curriculum has always been an easy-to-use supplemental resource for teachers. With over a semester's worth of content, we created this scope and sequence document to help you plan your day, week, or semester without having to curate the collection alone.

Since each state has its own take on sequencing, we organized these units and individual resources to build on each other. Feel free to mix up the order as you need!

The screenshot shows the iCivics website with a navigation bar containing 'Play', 'Teach', 'About', 'Donate', and 'Shop' buttons. A search bar is located in the top right. The main content area features a 'WELCOME TEACHERS' section with a quote from Justice Sandra Day O'Connor and a 'VIEW NOW' link. Below this is a 'STANDARDS SEARCH' section with a 'Select State' dropdown and a 'Submit' button. The 'ICIVICS PRODUCTS' section highlights three categories: 'Curriculum Units' (Check out all of iCivics' content), 'Lesson Plans' (Print-and-go lesson plans), and 'Games' (and the learning experience). A 'Register' button is prominently displayed, followed by 'Features Include: Lesson Plans' and a description: 'Grab-and-go lessons rooted in clear learning objectives.' A circular seal at the bottom center of the screenshot reads 'WINNING EXPERIENCES TRANSFORM THOUGHTS > ACTIONS > COMMUNITIES'.
