

Magic Tree House Series

In this 6 week book club series, children will make art inspired by themes in books 21-24 of the *Magic Tree House* series by Mary Pope Osbourne. Exploration, art making, and play will help bridge connections to vocabulary words and build literacy skills. The workshop is designed to appeal to all reading levels including non-readers and learners who are picture reliant. This program is intended to spark the child's interest in chapter books and help their visual learning by using a visual vocabulary of the science and social studies terms introduced through the adventures of Jack and Annie. This program is intended for children between the ages of 6-12 years old.
