COMBO 2—Ages 5-8 (2 + years of dance)

Our **Combo 1** class is a structured 45 minute class. Dancers learn basic ballet, tap and tumbling skills. The class begins with a fundamental structured disciplined environment. Students start in tap shoes where young students develop good musicality, timing and rhythm. After 15-20 minutes students will change shoes. Proper ballet terminology is emphasized from a young age. Special attention is given to the physical, emotional and mental developmental needs of our youngest students. In young children the muscles and bones are delicate therefore our focus is to teach an understanding of how the body works physically. In **Combo 2** we continue to build on the skills learned in Combo 1, students are given more difficult steps and terminology.
