- And So Much More!

ABOUT KRISTEN

Kristen believes that every woman is full of potential and purpose. However, most do not know how to get everything out that is inside of them. Kristen's purpose is to help women draw it out by equipping them with the tools they need to get unstuck. She likes to think of herself as a midwife. Kristen helps women realize that they are PREGNANT with purpose and helps them PUSH past their pain to DELIVER what God has promised them!
