Caravan students who complete a badge earn 100 points. A class mission project is an additional 100 (total 200). A personal mission project is an additional 100 (300 total). We complete a badge in about a month if they come each week.

In addition, students may earn either 100 or 150 points for reading the missionary book and taking a short quiz.

The points may be spent in our Rewards Store. Students may spend one point in the daily prize (each prize is worth 1), In addition, they may spend their points on larger prizes ranging from 100 to 1000 points.

The more often a student comes to classes, the more points they can earn to spend on prizes.
