March
14th-17th

MESSAGES FROM THE STUDENTS...

"When I came to North, I knew it would be challenging for me to find others who I could relate to and would accept me. I decided to join theatre. I immediately fell in love with the environment. The people in it were diverse, funny, creative, and down to earth."

Chandler – Class of 2018

Mary Poppins

"Every experience after I end my high school theatre career, will be brand new. No matter how scary and new it is, I believe this place and these people have prepared me for it and I am fully ready, and excited to take it on."

Mikayla – Class of 2018

Addams Family

"My goal is to help kids like me who struggle with self-confidence. I want to show them that they aren't defined by any one thing, and that they have value beyond any label that society places on them. The Westerville North Theatre Department helped me to realize all that I can offer to the world."

Kyla – Class of 2018

Miracle on 34th Street
