BUILD YOUR BACKYARD DREAM WITH SHARKLINE

WATER SAFETY

Your above ground pool has been designed to provide you with years of safe family fun. This entails that water safety must always be taken into account. When used incorrectly, your above ground swimming pool can be dangerous; above ground pools are shallow, and this makes diving and jumping unsafe. To ensure your above ground pool is used safely you must observe the safety precautions that are provided to you when you purchase an above ground pool and conform to all local regulations.

RESIN

MAESTRO Advantages

What makes the Maestro pool stand out;

- **Unique Design**, we combine unique design quality with practicality, using innovative styling to create smooth round or oval above ground pools.
- **No Angular Joints**, ledge covers that perfectly adjust to the curved top ledges offering a perfect look and outstanding rigidity.
- **Injection Molding**, all the components of the resin pool structure are molded by an injection process that reinforces every component.
- **Optional Wall Saver Panel**, designed to withstand stress at the point where water enters and exits the pool for filtration.

POOL SIZES

Creativity fueled by technology

- 6" Resin Top Ledge
- Resin Uprights
- Resin Stabilizer, Bottom Rail and Bottom Plate
- All resin components are colorfast throughout
