

## JOIN OUR PARENT VOLUNTEERS !

*The GVMTB Team depends on parent support. Below is a number of areas where we could use assistance. We hope all parents can find something they will enjoy. No job to small!*

**Coaches/Ride Leaders:** The team needs additional coaches/ride leaders. We especially need female coaches and volunteers. If you are interested please see one of the head coaches.

**Carpool Coordinator:** The team depends upon parent drivers to get to the races. To both minimize driving and ensure the entire team has a ride requires a little bit of organization and communication. The carpool coordinator makes calls and sends out emails to connect drivers with those who need rides.

**Lunch after races planner:** Taking care of this detail is hugely appreciated when the race is over. There should be team funds to take care of the expenses, otherwise a collection can be made at the race.

**Event Planning :** A couple of team BBQ's a year bring the team together.

**Fundraiser Organizer:** There are many creative ways to raise money -- we are looking for anyone who has ideas, some fund raising energy and a little spare time.

**Grant Proposals:** We are always looking for new public and private grants to help fund the team. Let us know if you have any ideas.

**Sponsorship Liaison:** We benefit from various sponsors. We could use someone who would be willing to help us keep up those relations and/or build new ones

**Uniform Design:** Anybody with professional graphic arts experience? We want to design team kit very soon.

**Coach's Liaison:** We could benefit from a parent with coaching experience and some cycling knowledge as a go-between parents and the coach.

**Trail Maintenance Coordinator :** The club helps maintain local trails. We need a parent to help coordinate these outings.

**Team Photographer:** In the past we have posted many race pictures on our web site. Any parents who enjoy action photography? Digital images preferred, but a digital camera is not required.
