A holistic approach...

The Surin Foundation's Child Scholarship Program is a holistic approach to child sponsorship run on Christian principles, which involves the participation of the child's family. The scholarship is run in partnership with the Little Candles Kindergarten in Phrao (a rural town 90km North of Chiang Mai city) which is surrounded by mountains thriving in hill tribe and rural Thai culture. The scholarship provides financial support for the child's academic fees (incl. books, uniforms and excursions); it is also concerned with the child's spiritual development, as well as seeking to identify and develop the child's talents so they may achieve their full potential.

A plea for help...

The program is run among disadvantaged communities; including hill tribe children in the north of Thailand who endure the highest statistics of poverty and child trafficking for the sex trade. The scholarship program, gives the children the best hope of freedom from this vicious cycle; provides them with a loving Christian environment where the child is made aware of God's love and guidance in their lives, and constantly assures them of their worth and value. At the Little Candles Kindergarten, the children will gain a solid academic and Christian foundation that instills them with the right attitudes and values for life.

Our commitment to the children...

- Enrollment into the Little Candles Kindergarten and all programs run at the school, incl. Christian activities that encourage the children to explore a relationship with Jesus.
Financial support (at least 50%) for school fees, books and uniforms and special tuition programs.
Home visitation 1-2 times a year (as practical) to understand the child's background and discuss developmental issues with parents.
Basic health, dental and nutrition checks. In some cases, we may offer financial support for minor medical procedures (subject to committee review).
