## TEENAGE WOMAN ARRESTED FOR MURDER

Love-scorned teenager Kelly Thompson was arrested this afternoon for the murder of her boyfriend, Doug Wallace, and her friend Mindy Hails. It is understood that Mindy was a friend of Kelly's and, when the pair were found having sex, it is

understood that Kelly's temper grew. Police are yet to make a statement, but sources have told us that Doug's body was found to have been asphyxiated and with three large scars across his chest. Mindy's body, meanwhile, was found to be naked, and with

blood gushing from her crotch. Police have declined to make a statement at the present time, but it is understood that they are currently interviewing the suspect in custody. *(continues on page 2)*
