One-day Skill Development Working with OCPD & Structure and Process of a Typical Schema Therapy Session

Date: Thursday 20 June 2019

Location: The Renaissance Hotel, Blackfriars Street, Manchester, M3 2EQ

Tel: 0161-831-6000

This workshop has been designed for clinicians who would benefit from guidance on the structure and process of a schema therapy session and also to introduce clinicians to the application of schema therapy to clients with OCPD or OCPD-type difficulties. Therefore, the day will be split into two distinct parts. The morning will consist of working with OCPD and the afternoon will focus on the structure and process of a typical schema therapy session. The second part of the day will also focus on commonly experienced difficulties facing clinicians working with challenging cases across diverse diagnostic criteria, including working with detachment, intense mood states & problematic behaviours. The precise direction and focus of the second part of the day will be developed from the needs of the workshop group on the day. It is assumed that attendees have a clear understanding of the Schema Therapy model. Video footage and/or live demonstrations will be used to assist with this learning experience.

Key learning areas

Participants will gain:

- A total of 3 hours of supervised role-play: this will focus on the modes classically associated with OCPD: vulnerable child mode; demanding parent mode & perfectionistic overcontroller mode, and also on modes which become relevant in the second part of the day).
- A total of 3¼ hours of didactic (including discussion/demonstrations/videos) teaching on general elements of schema therapy, OCPD, structure and process of a typical schema therapy session, and commonly experienced difficulties facing clinicians.
- Experience of developing a session focus and maintaining structure through the use of attunement, understanding and empathic confrontation.

About the Main Facilitator

Dr Arnie Reed (Chartered Counselling Psychologist) is an International Certified Advanced Schema Therapist, Trainer and Supervisor, trained directly by Dr Jeffrey Young at the Schema Therapy Institute in New York, USA over the period 2006/2007. Arnie specialises in complex client presentations within and outside of the NHS, including those clients diagnosed with Borderline Personality Disorder and so-called 'treatment-resistant' difficulties. He is the Director of Schema Therapy Workshops Ltd, which delivers Schema Therapy training and supervision in the UK and overseas and has done so since 2009.

Schema Therapy Workshops Ltd

To date, over 70 mental health practitioners have achieved eligibility for International Society of Schema Therapy (ISST) certification/accreditation in schema therapy through our training programmes.

Venue

This workshop will be held in the Marriott Renaissance Manchester City Hotel. The cost of the workshop does not include accommodation and therefore none has been booked. The address is:

The Renaissance Hotel
Blackfriars Street
Manchester
M3 2EQ
0161-831-6000

Clicking on the following link, or if reading this from a paper copy typing-in the link, will take you to the home page for the **Marriott Renaissance** Manchester City Hotel. Directions and a local area map will give you access to the hotel website with directions and interactive map which you can manipulate and print-out. The technique for clicking on the link is to first hold down the control button on your keyboard (keep it held down), place the cursor over the link until you get the hand symbol, and then left click on the mouse.

[Click here to see details of the venue and access an interactive map of the area](#)

We are often asked about which hotels we can recommend for you to stay during the training. Unfortunately we do not make recommendations as the prices and quality of hotels can change over time.

Workshop Timings

Registration:	8:45 AM - 9 AM
Workshop Start:	9 AM
Morning break:	10:45 AM
Lunch:	12:45 PM - 1:30 PM
Afternoon break:	3:15 PM
