

## Our Escape Games

Come escape reality in our time travel games. You will jump back in time from our laboratory in Florida to a setting of your choosing. You will have 1 hour to complete your mission and return back through our time portal. We have 3 rooms to choose from. Travel back to the 1800's in the Wild West Showdown or you could be sent back to the Revolutionary War in One if By Land. Finally you could be sent into the future to save the planet in our Cosmic Collision.

Book your mission today!

## TEAM BUILDING

Team Building with Escape Rooms

- \* Help boost morale in the workplace
- \* Break down barriers of communication
- \* Increase productivity & efficiency

## WHAT IS AN ESCAPE ROOM?

An escape room is a physical adventure game in which players are locked in a room and have to use elements of the room to solve a series of puzzles, unlock locks, and escape within a set time limit.

Escaping one of our three rooms requires all the elements of good teamwork. Keen observation, problem-solving skills, and proper communication are essential in order to beat the clock. It is the perfect activity for corporate groups to come together for one unique and engaging purpose. Build up your team's ability to problem solve together and be entertained in the process.

We offer group activities for those looking for a different bonding experience. In the game, teams are 'locked' inside a room and need to work together to find clues, solve puzzles, and complete a mission in order to escape the room in time. Escape games are challenging, educational, and above all a lot of fun.

## WHY AN ESCAPE ROOM?

What better way to learn how to work together than an Escape Room. Our rooms offer a great opportunity for learning how to work closely together under pressure using each others strengths. Escape rooms require teamwork, communication, and delegation as well as critical thinking, attention to detail, and lateral thinking. They are accessible to a wide age range of players and do not favor any gender; in fact, the most successful teams are those that are made up of players with a variety of experiences, skills, background knowledge, and physical abilities. Our activities are designed to encourage team bonding, team cohesiveness, team collaboration, team performance and team development.

### COMMUNICATION

Team building can significantly improve communication among the people in your company. A properly designed and delivered team-building activity at Time Travel Escapes will improve the way your people interact in your organization. Skills and techniques are practiced and improved through team building activities and your associates will discover the importance of communication among their colleagues and will improve.

### COMMITMENT

Commitment to your company and your corporate goals can also improve with team building at Time Travel Escapes. When everyone attends a team building event, company bonding occurs and this commitment strengthens your company. Team building results in everyone pulling in the same direction. By actually experiencing this feeling through team building activities, your team understands what can be accomplished when everyone pulls together for a common goal.

### COLLABORATION

You will notice increased collaboration among your departments after an effective team-building session at Time Travel Escapes. Barriers to working together and obstacles to cooperation will be reduced. Working together in team-building activities helps your departments to understand what each individual needs from the other members of your company. Practicing collaboration techniques provides ample opportunities to learn how to work together to accomplish a goal.
