

REDISCOVER

the joys of travelling by train

The rail trip from the central business district of Cape Town all the way through to Simon's Town takes about an hour and a quarter, and takes you through a fascinating, ever-changing landscape.

There are few cities in the world that can boast the splendour of travelling along a rugged coastline, where you can spot whales from your train carriage windows and have access to major tourist attractions – all included in the convenience and affordability of the Southern Line.

Special MetroPlus train tickets or tourist rail passes at R35 for a One Day and R60 for a Two Day Pass, will allow unlimited train trips between Cape Town and Simon's Town for the day of validity.

Tickets are valid between 08h30 and 16h00, and can be purchased at any of the participating stations.
