

Probus Clarington Presents:

MODEL A ACRES

May 28, 2019 @ **10:30 am**

**\$10.00**

*Spend an hour with Ian walking the grounds and hearing the amazing history of the life-size replicas he has masterfully crafted. He has restored eight Model A Fords and since 2006 has built full-size static replicas of a 1916 Sopwith Camel (Snoopy's plane); a 1918 Fokker DR 1 (Red Baron's plane); a 1944 Spitfire MK IX; a 1944 Messerschmitt ME 109G; a Sherman Tank; Willies Jeeps; a U-Boat in the pond; a Hawker Hurricane and the front end of a 1911 Pacific Type steam locomotive. All of the planes are constructed mostly from recycled material.*

**We will meet at the Model A Acres farm – suggest car pooling 😊**
