

## HEALTHWORKS ALLIED HEALTH

Thank you for your enquiry about our bulk-billed Allied Health Services (Dietetics and Exercise Physiology) in conjunction with your GP and Medicare. From the information you have provided, you may be eligible for bulk-billed consultations with Healthworks Allied Health professionals.

Please print this letter and provide it to your regular GP. They will determine if you are eligible and will be able to make your Referral out to: **Healthworks Allied Health** so you can commence these bulk-billed, allied health services (i.e. exercise physiologist and/or dietitian).

GP Management Plans (GPMP) and Team Care Arrangements (TCA) provide access to allied health services covered by Medicare, which contribute to enhanced medical care and improved quality of life for eligible clients. Patients with a GP Management Plan and Team Care Arrangement are eligible for five visits per calendar year to see allied health professionals.

*Who will benefit from a GPMP or TCA?* Anyone with a chronic medical condition may be eligible for a GPMP or TCA. A chronic medical condition is defined as a condition that has been, or is likely to be, present for at least 6 months. Including, but is not limited to:

- ▲ asthma
- ▲ cancer
- ▲ cardiovascular / heart disease
- ▲ diabetes
- ▲ chronic pain
- ▲ musculoskeletal conditions, and
- ▲ stroke

Healthworks Allied Health has been established in conjunction with Healthworks Fitness Centres to enable you to have access to great fitness facilities as part of your care plan. We currently have many older adults exercising and seeking nutrition advice, who find they are continually getting stronger, healthier and more active with age. Our ultimate goal for each client is that they become confident, independent and understand how they can actively participate in living a quality life.

If you would like more information, please call our Allied Health Team or speak to your GP.

Yours sincerely

**healthworks**
