Mobile Area Orchid Society Exhibit

The Gulf Coast Orchid Society is fast approaching. I hope everyone is looking at your orchids and deciding which ones to take to our exhibit. Remember any member can enter an orchid, or orchids in our exhibit. All you need is a blooming orchid with a tag. Even if the plant has only 1 bloom please bring it. We will assist you with filling out the entry tag. Over the years I have watched most if not all of you purchasing orchids at shows and at our June picnic. So let's see those orchids at this show.

The following is an email sent from our president Pat: it's time for us all to take a long hard look at plants in our collection that might be available for their show the end of January --be sure staking is properly done, then adjusted as stems grow. Begin to clean up each plant so there won't be so much to do at the last minute and check name tags to be sure there is enough time for research, if needed. I can help by looking up parentage on your plants—please don't wait till last minute on to send those names to me. I'm a procrastinator too! Get me the things you need help with ASAP.

Looking forward to seeing you on January 12.

Christ United Methodist Church Room A201 directly behind the Sanctuary. You may be able to enter the building at the end opposite the Sanctuary. This is where Beverly and I entered last time we were here in room A204

Don't forget to send me pictures of your orchids or favorite article for our website and newsletter.
