**Sponsored by: Sophie Lazicki**

**Senator Finley, and Senator Giangiordano**

***Whereas,***

Each summer, students at the Catholic University of America have the choice to take classes in order to get ahead or catch up on courses.

***Whereas,***

All students have the opportunity of having summer internships or jobs, which could interfere with the ability to take or attend these classes.

***Whereas,***

A Maymester would be more beneficial for students with said internships/summer jobs.

***Whereas,***

Maymester would be a three week intense and comprehensive course program, which would compress particular summer long courses into a three week time span and allow full completion of the credits needed for that particular class.

***Be it enacted that,***

That the Student Government Association Senate, acting in their official capacity as representatives of the Student body of The Catholic University of America, hereby request that the University creates a “Maymester” for students that begins after finals week and ends before June 1.
