Chaos Guitars Repair Price List and Guide

April 2018

## **Bench Rate**

All services not associated with a fixed rate will be billed at a bench rate of \$50 per hour with a minimum charge of \$18.

## **Fixed Rate**

Most of the common repairs and modifications will be listed on the following pages, however, sometimes there will be unforeseen circumstances that require additional labor charges beyond fixed rate. In those cases, the customer will be notified of a new estimate.

## **Free Quote**

We are always happy to provide a free online quote if you have work that is not listed or you have special circumstances. Please feel free to email us at [gstringchaos@gmail.com](mailto:gstringchaos@gmail.com)

## Electronic Repairs & Service

Since there are so many combinations of components put together in so many ways on thousands of different manufactured guitars we charge a \$15.00 minimum fee + the work to be done + the cost of the part(s). For example, if you need the output jack replaced it's a \$15 minimum fee + the work done from the chart below (output jack) \$10 + the cost of the part (for ex \$3) = \$28 before tax.

Electronic repairs minimum charge	\$15.00
Shield control cavity (price dependent on cavity size)	\$55.00 and up
