

CHAMPRO Custom Builder

CHAMPRO WILL NOT PRODUCE SAVANNAH BANANAS OR PARTY ANIMALS CUSTOM JERSEYS.

Below are step-by-step instructions to help you design your uniforms using the CHAMPRO Custom Builder.

Print these instructions out to have handy while you navigate the Builder.

1. Browse to <https://champrosports.com/topic/custom-builder>
2. Scroll down and select the appropriate sport, **JUICE 5-Day Program.**
3. Select the appropriate uniform style. Disregard the multiple design templates shown. You will select a design in *Step 7*.
 - a. Unisex Crew – **JBST8, JBST8_SOCCER, JBST8_ALLAMERICAN**
 - b. Unisex V-Neck – **JMSV1** or **JMSV1_ALLAMERICAN**
 - c. All other uniform styles will require an upgrade charge to the Head Coach and will delay the production/delivery of the uniforms by up to 3 additional weeks.

4. Select **Z-Cloth.**
5. Select **Customize** (lower right corner)
6. Select your preferred color combo.
7. Browse the available templates and choose one that fits the design idea you have for your team.

Note: Some of the elements can be removed or disguised by changing the color to a surrounding color. So, the exact design elements you see can be modified some if you prefer.

8. Customize your uniform
 - a. Using the **COLORS/PATTERNS** tab, adjust the colors of the different design elements.
 - i. Select **Fill** colors to make a particular element a solid color.
 - ii. Select **Gradient** to give an element a gradient of 2 colors.
 - iii. Select **Pattern** to use one of the 11 available background patterns and color combos.
 - iv. **When selecting colors, hover over the color squares and pay special attention to color names.** Colors can look different on different monitors and you want to ensure you are selecting the correct color by name, not by look.
 - b. Using the **NAMES/NUMBERS** tab, you can apply Team Names, Player Numbers and Player Names to the uniform.
 - i. Player Numbers on the front/sleeve should be 3" tall.
 - ii. Player Numbers on the back should be 6"-8" tall.
 - iii. **Use 26 as a placeholder for player number.** You will populate actual Player Numbers on the **CHECKOUT/ROSTER** tab.
 - iv. If you choose to print names, we suggest using LAST NAMES only.
 1. **Use PLAYER as a placeholder for player names.**
 - c. Use **LOGOS/FLAGS** to apply any Team Logos or Stock Logos to your design.
 - i. Team Logos **MUST** be uploaded to the Builder and **MUST** be in vector format.
 1. File types are typically .AI or .PDF.
 - a. The CHAMPRO Builder will check the file and will let you know if it correct.
 - b. You will be required to also upload this file to the Webstore when ordering uniforms.
 2. .JPG and .PNG will show up on the screen but will **NOT** print on the uniform.
 3. When adding a logo to a sleeve or back, the logo will initially be placed on the front of the uniform. Use the mouse to reposition the logo to the desired location.

4. The LEFT sleeve MUST remain blank as the LEAYSA logo will be added prior to production.
5. Select **Watermarks** to place lighter images in the background of the design.
 - a. You cannot upload custom images to use as a watermark.
 - b. **Pay special attention to order in which you add watermarks.** If added after an item such as logo, team name or player number, it will appear on TOP of that item. If added before an item, it will appear BELOW that item. You cannot move a logo/watermark to the front/back without deleting one and reapplying.

9. Select **DOWNLOAD PDF.**

- a. This will take a few minutes to process. Once complete, it will create a document titled *Champro.pdf*.
- b. Open the newly created PDF and review the uniform design details.
 - i. If correct, proceed to Step 10.
 - ii. If incorrect, return to Step 8 to make necessary corrections.

10. Select **SHARE DESIGN.**

- a. You will be required to log in using your account credentials. If you do not already have a login account, you will be required to create one.
- b. Select **SHARE DESIGN.**
- c. Select **OK.**
- d. Name your design appropriately to help later discern designs from season to season.
- e. Select **SAVE.**
- f. Select **SHARE DESIGN.**
- g. Select **EMAIL DESIGN** (Lower right corner underneath envelope image.)
 - i. Enter all the required information.
 1. Dealer Email – Uniforms@hometeamprints.net
 2. Add FULL Team Name to the NOTES section, ie LEAYSA 12U Cubs-Danielson.
- h. Select **SUBMIT.**
