

126th Annual Alumni Banquet

Saturday, August 3rd, 2019

Ashland High School Alumni Association, Ashland, Oregon 1894

The original Ashland Senior High School opened in 1890 with a class of three graduations students in 1891. The old Washington High School was located where Briscoe Elementary, now closed, was built in 1949. A new high school building opened on its current location November 14, 1911. There is very little of that building left today due to an ongoing modernization program. In the fall of 2012, AHS began accepting a few students that live anywhere in Oregon. AHS has one of the best academic records in Oregon and nationally. The Alumni Association was started in 1894 and there was no graduating class in 1903 due to the 4th year being added.
