We Need Your Support

Greetings!!!

Please help me to raise funds for Emmanuel SDA School & Preschool, the oldest Black parochial school and preschool in Hammond, Louisiana. Both the School and Preschool are alive and well. However, they are in desperate need of your financial support to keep the doors open.

We are asking 1000 alumni members, friends and supporters to contribute \$100.00 or more to help with the upgrades and improvements that must be completed before the first day of school - August 16th, 2018. Our projected enrollment is forty-five students compared to three in 2014. Praise God!

Lastly, you are invited to attend our upcoming Alumni Weekend in Hammond, Louisiana on September 1, 2018.

- Since 1920, Emmanuel SDA School and Preschool have served the community in providing excellence in Christian education. In 2014, the doors were about to close due to low enrollment. However, the closing of the school was not in God's Divine Plan. God inspired the organization of the Emmanuel Alumni Association under the leadership of Jacqueline M. Waldon. With months of planning and renovations, God began to work through this Association, and the enrollment began to increase. Today, the school is bursting at the seams with minimum space to accommodate the projected 45 students for this upcoming school year. Therefore, we are reaching out to you for your financial assistance and prayer.
- If you own a business, we are asking you to partner with our Alumni Association to help expand our campus and to hire more certified teachers. Your contribution will be tax-deductible, and very much appreciated. Please visit our Website at www.EmmanuelAlumniAssociation.com to stay informed, submit your contributions, and to see a list of students who have attended the Preschool and/or School over the years.
- Executive Officers: Jacqueline Waldon, Laverne Sanders, Tammy Ard, Willie Pearl Ard, Roger Downes, Robert Williams, Carol Ann Davis, April Jackson, Tiangela Williams, Paulette Jackson, Nathaniel Varnado and Pastor Raynell Smith.
