## HOMECOMING TAILGATE

*New Members Induction*

It's that time of year again ! The University of Missouri will take on the Idaho Vandals on Saturday, October 21 at 11 a.m. in the annual homecoming game. Though Mizzou has not had its best season, a homecoming victory could help get us back on the right track. No matter what, the Beta-Theta Chapter of Tau Kappa Epsilon will be up bright an early grilling and enjoying some college football. The tailgate will begin around 8 a.m. as we kick off the homecoming festivities.

However, we will begin the weekend friday at a location still to be determined. We invite you all to attend and will be sending out RSVPs shortly. There we will catch up, exchange stories and reminisce on old times. Our executive board along with other key members of our chapter have been working hard to put on our best homecoming yet and we cannot wait to see you there! Go Tigers!

*Better Men For A Better World*

# LOVE, CHARITY AND ESTEEM

## *Love- Homecoming Events*

Homecoming is fast approaching! The theme this year is 'Rythm of the Roar.' This week the Beta-Theta chapter has been participating in the Mizzou blood drive. The drive collected 4,374 units of blood last year and looks to raise even more this year. Our chapter is delighted to participate in such an even to help save as many lives as possible. Earlier in the week we participated in the yearly service events and even canning in order to raise money for charities chosen by the University. Next week, our chapter will be performing our skit and dance at Jesse Auditorium to help increase school spirit ahead of the big weekend.

Along with the men of Alpha Gamma Sigma and the women of Alpha Delta Pi, we feel great about our chance to benefit the community and win Homecoming! Wish us Luck!

## *Charity- ΓΦΒ Moonball*

On October 1, the Beta-Theta chapter participated in the Gamma Phi beta Moonball philanthropy. A few of our members took to the court in this basketball centered event. While we did not win, our men had a blast shooting around and supporting a good cause.

The philanthropy itself benefited Girls on the Run, an orgnaization centered around encouraging self-respect among women and teaching them to live a healthy lifestyle. All proceeds went toward the local Girls on the Run program, locate in Columbia, MO.

## *Esteem- Mid-Semester Academics*

As we reach October, we also turn the corner on the middle of the semester. With Midterms in full force, our members are dedicated to bettering themselves scholastically. As a chapter, the initiative to receive the best grades on campus has never been higher. Currently our chapter sits at a 3.15 GPA and our pledge class is at 3.21. Those numbers would put us in the top 7 grades as a chapter and top 3 as a pledge class on campus. We continue to push ourselves to raise our grades and fulfill one of the essentials of Tau Kappa Epsilon.
