Polish Art Foundation*

62 Lygon Street, Carlton VIC

The Polish Art Foundation was set up towards the end of the year in 1977, in Melbourne, Australia.

Its spiritual founder was an artist and painter Władysław Dutkiewicz. A group of his close friends decided to organise a show of his works, this in fact instigated the foundation's birth. Dutkiewicz was ill at the time and his fellow artists and friends wanted to assist in a practical way.

The aim of the new foundation would be simple: *to promote Polish artists among the Australian community and vice versa, to promote Australian artists to the migrant community living in Australia.* The group also wanted to obtain a collection of works which would become a permanent collection for the foundation and could be enjoyed for generations to come.
