

Welcome to MedStar Solutions, your one-stop-shop for all things EMS and events management. MedStar was formed in 2008 by its founder as a consulting service for EMS agencies both private and municipal. Today, MedStar is a leader in EMS consulting and event standby services.

MedStar has a wide variety of services to match our team's experience and education. We have many pre-packaged programs to fit your needs and budget. We also have unlimited solutions to match your specific agency, project, training needs, and requirements.

Providing First Responders, EMT's, Paramedics, Lifeguards, Safety Personnel, Operational Volunteers, Communications, Specialty Equipment

MedStar... A Leader in Event Medical Services

MedStar is a leader in event EMS standbys for any event from small corporate gatherings to large sporting and concert events. MedStar is a non-transporting, ALS level standby service with several partnerships with ambulance services across the country. MedStar has a solution for your event medical needs. MedStar provides everything from pre-event planning and safety checks to post event reporting and analysis, working side by side with your event team.

Our Event Services team has extensive experience in setting up medical stations, medical teams, and the necessary supplies and equipment tailored for your event. MedStar has a variety of cost effective services to ensure responsible and reliable solutions while maintaining cost effective pricing, and enhancing your current service.

Air Shows

Providing a variety of services to the air-show and fly-in industry from onsite medical teams to ground operations support, we have your solution for all things air show and fly-in's. MedStar will be attending the 2016 ICAS convention in Las Vegas.

MedStar has years of experience dealing with local public safety agencies and will coordinate all of those resources to keep your event as safe as possible. MedStar has the ability to work with the small local air shows to provide on-site medical up to the ALS level, or it has the ability to integrate with other public safety agencies to provide support at a larger capacity show.

Sporting Events

From fixed venues such as stadiums and sporting arenas to non-fixed venues like large fields and water spots, MedStar has a solution for all of your sporting event medical needs.

Many of the special events conducted today require personnel to stand by in the event of an accident, emergency, or safety concern at the venue. Promoters and event teams need responsible, reliable, and knowledgeable emergency responders to be on-site and ready to jump into action.

Concert Venues

From small local bands putting on a community concert to large EDC style venues, MedStar has the experience and solutions you need to keep your performers, and guests safe and injury free! MedStar will design a medical system that works for your venue!

MedStar will meet with venue management, concert producers and other public safety agencies prior to the event to preform a pre-show walk down, develop a response and safety plan specific to that venue and production. MedStar can provide your event with as little as a single EMT to stand-by, up to multiple ALS level teams to respond to any and all medical needs at your venue.

Corporate Events

From CEO gatherings to large company outings, MedStar has the ability to assist in your medical needs. MedStar can provide EMT's and Paramedics to stand-by and keep your employee's safe while they enjoy a wonderful company sponsored event.

Have inter-company competitions or sports challenges? Make sure everyone is safe by providing on-site medical personnel equipped to handle your needs.

Set Medics

Whether it be a filming of a commercial or a full movie production, MedStar has a solution to keeping your production set safe. MedStar has experience with working on all different types of sets, from the City of Boston @ Fenway Park, to Los Angeles on Venice Beach, MedStar has the ability to cover your set with a variety of resources to keep your production crew and guests safe.

MedStar...

Our Service is Your Solution!
