RANGER
DESIGN

“Ranger combines old-fashioned service with state of the art technology...”

In 1988, with a passion for innovation and service, Ranger began to build equipment for commercial vehicles.

Now with locations in Rochester, NY, San Francisco, CA and Montreal, Canada, and a strong network of dealers across North America, Ranger Design services all trades and the same values still drive the company today.

In our modern fast-paced world, Ranger combines old-fashioned service with state of the art technology

to bring you consistent quality and strength to meet the toughest demands. This is why more Tradesmen and Fleets across the nation are turning to Ranger solutions for shelving units, storage systems, partitions and ladder racks to address their unique needs.

TOUGH

CRASH TESTED

Quality is what drives us at Ranger and it's what keeps van fleets performing at peak efficiency. Your team needs to be sure that their equipment is going to stay on the job, week in and week out, year after year.

We engineer "tough" into each component of each van package ensuring durability as well as perfect fit and finish. We've also crash-tested products to prove them for driver safety and structural integrity.

QUIET

A PEACEFUL RIDE WITH **NO RATTLES**

Tough enough for your biggest jobs and quiet enough for a peaceful ride, the quality of Ranger equipment proves itself over and over again.

Our shelving and partitions have consistently proven to be significantly quieter than any other upfits in the marketplace.

PAYLOAD

ENGINEERED TO **SAVE WEIGHT**

Ranger Design understands the challenges that the modern fleet manager faces. Whether it's a need to reduce the fuel bill, downsize vehicles without downsizing what you need to carry or simply trying to reduce your carbon footprint, Ranger's innovative storage designs can help.

PRODUCT LINE COMPARISON

RANGER **FLEETLINE** AND **PROLINE** PRODUCT GROUPS ENSURE THAT FLEETS OF ANY SIZE HAVE THE BEST EQUIPMENT TO FIT THEIR BUDGET, TRADE OR FUEL SAVING TARGETS.

WHY BUY FLEETLINE?

You have a tight budget. You want better quality and price than other steel products on the market.

WHY BUY PROLINE?

You want the toughest, quietest product on the market. You need to optimize payload without sacrificing quality.

RANGER MAX RACK

INTRODUCING MAX RACK THE FASTER, SAFER, TOUGHER DROP DOWN LADDER RACK AVAILABLE FALL 2014

Ranger's new *Drop Down Ladder System* is designed to help make a tradesperson's workday easier and more productive. The industry-exclusive rack is fast because it lowers the ladder in one simple motion. It comes down exceptionally low, so you don't have to reach above your head. There's no need to stand below the ladder as it lowers, so it's safe, too. Ranger put their Drop-Down through rigorous real workday testing, so it's tough. **Faster, safer, tougher!**
