For Portsmouth Mayor

## POSITIONS AND ISSUES AT A GLANCE:

- Creation of a Ward / At-large Council.
- High Ethical Government Standards & no back slapping back room deals.
- Absolute Separation of Church and State
- Public business conducted in the open
- Streamline Government – Cut Waste
- Move City Hall to the City's center
- Demand Fiscally Accountable Government
- Connect Washington and Charlotte to Portsmouth by high speed rail with a Terminal in Portsmouth.
- Develop a driverless electric shuttle system from the Portsmouth High Speed Train Terminal to Norfolk.
- Put trolleys on our Downtown streets to reduce traffic.
- Build the Western Freeway link of the third crossing now to help pay for the other tunnels and get the tractor trailers off the City streets.
- Change the Tax Code: Eliminate the building tax; and offset it by an increased land tax
- Re-evaluate public school roles to be in line with public needs and student aptitude. Promote merit & achievement and end social promotion.
- Lower or eliminate Small Business license fees & taxes. Encourage and support small business by giving them an equal playing field to franchises and corporations.
- Improve the Police practices and expand detective & forensics branches – return police/fire/safety to full complement status.
- Dredge Scott's Creek, Swimming Point and tidal estuaries for boating and to reduce flooding and protect our shoreline.
- Strengthen Design/Architectural Review Boards and Committees. Dissolve cut-out zoning; end land banking; insist that PRHA adhere to the same standards as other property owners.

*VISION — INTEGRITY — CHANGE*

*Together We can  
Turn Portsmouth  
Around*
