

About Cathey

Cathey has loved sewing for as long as she can remember. She discovered that she had a knack for designing and writing patterns when she began working at a local quilt shop in 2011. She found her niche and there was no turning back!

Having designed over 60 patterns for Cut Loose Press, Quilter's World magazine and Red Rooster Fabrics, Cathey is now offering her patterns and ruler on her website at www.catheymariedesigns.com.

Cathey's favorite block to design with is the Y Block. Her design ideas using this block are endless. She wanted to simplify and streamline the construction of the Quarter Square Triangle Units used in making Y Blocks. She wanted to make units that were not mirror image and would create completed Y Blocks without bias edges.

Out of this need, she designed the ©Y Block Ruler that is used to cut fabric squares, mark stitching lines, and square blocks.

Cathey is having so much fun sharing the design possibilities of the ©Y Block Ruler and the patterns that she is creating using it.

THE ©Y BLOCK RULER

A Firefly Glow Ruler

A Multi-functional Ruler That Creates Identical Quarter Square Triangle Units Used In Constructing Y Blocks, QST Blocks & Many More!

Made in the U.S.A.
