RE: C. J. Ford

To Whom It May Concern:

I first met C. J. Ford almost eight years ago while I was a Senior Deputy District Attorney for the County of Orange. During that period I conferred with Mr. Ford about various cases he was handling for criminal defendants, including a nationally renowned capitol murder case. My now over 35 years of service in Southern California's criminal justice system, interacting with lawyers, law enforcement officers, defendants, victims, and judges, has given me an enhanced insight into assessing a person's character and abilities.

I know Mr. C. J. Ford to be a detail-oriented, conscientious investigator. He has always shown a "get the job done right" mindset with an enthusiastic tenacity and absolute integrity. In discussions with me about cases when I was a prosecutor, he always exhibited deep insight and awareness of real world circumstances that discarded the chaff and reached the real issues in any case. He has the methodical professionalism that is a hallmark of great investigators.

I wholeheartedly recommend C. J. Ford's abilities and work ethic as a private investigator. If you wish additional information, by all means give me a phone call at 657-622-5615.

Sincerely yours,

A handwritten signature in blue ink that reads "Jeffrey M. Ferguson".
