

CASTING CALL

Forgotten Trail Pictures is looking for several actors for the feature film

"#PARTYTIME"

We are looking for 4 male and 5 female actors passing between 18 and 24 years of age.

female: Britney (20y), Neve (20y), Jay (19y), Amanda (19y), Casey (19y)
male: Wayne (17y), Eric (21y), Don (21y), Griffin (24y)

We want people with strong acting abilities since the roles include extreme emotional and stressful situations. Professional experience is an asset but not mandatory.

The story: Eight young people follow the call of an underground party from the app #PARTYTIME to an abandoned building only to find out that nobody else is coming and they can't get out anymore.

The film is a thriller, an expedition into the characters' psyche, their hidden dreams and wishes, born out of their breathless hunt for life, keeping the viewer on a constant edge.

The style: The film will be shot at two locations in Lethbridge, Alberta, all inside. It will be shot on Blackmagic 4k in colour finished in a rather dark tone.

The appeal: The protagonists reflect age-wise our key audience down to the ages of 16. This range is the strongest demography of movie-goers; and with a clear genre target and a compelling story, shot by an experienced team of independent filmmakers with a group of talented young actors we are confident to create a movie that finds its way over film festivals into the homes of its audience.
